Bernard Drew	149	106	82	99	133	150

In precinct 2, James Olson received 106 votes to win over Herman Holbeck's 98. In precinct 5, incumbent Elmer Eberman was defeated by Peter Schaffer, Eberman 73, Schaffer 133. Gilbert Meisger easily kept his precinct committeeman post in precinct 3 with 102 votes to his opponents 18. Committeemen who won with no contest were Bernard Osmond, precinct 1; Helen Burke, precinct 4, and Elroy Anderson, precinct 6.

358 Study Thru Summer

Summer school at Antioch High School started Monday with a total of 358 pupils taking advantage of the opportunity to make up work or earn extra credits. Any high school student in the area may enroll for the summer courses, although students from outside the district must have the consent of the school they attend if they wish to earn credits. Bernark Fosmark, in charge of the summer program, said that students are enrolled from Carmel, Kenosha, Chicago, and one from Florida. Lawrence Eggleston, formerly in charge of the program, has left to assume the duties of principal of Mokena High School. Fifteen teachers are involved in the summer school programs. Of the 358 pupils, 170 are taking academic courses; 133 are enrolled in Driver Training and Safety Education, and 55 are students who will

enter high school this fall and are taking Developmental Reading. The 55 freshmen have been advised by counselors to take the extra course so that they can cope with high school studies. Buses pick up and return these students, and any others whose homes are close enough to use the bus stations necessary for the Reading students. School hours are 8 a.m. to 10 a.m. and 10:10 a.m. to 12:10 p.m. The Reading courses run eight weeks, through August 8, the rest of the studies last for 6 weeks, ending August 1. Some of the courses offered are English I, II and III; American Government; American History, Social Problems, World Civilization, Typing, Personal Typing, Algebra, Preparatory Math, Business Math, Driver Education and Reading. Registration for summer school has closed.

Helen Nelson Resigns As School Treasurer

The Antioch High School Board of Education was presented with a letter of resignation from Mrs. Helen Nelson, school treasurer, at the regular meeting last Wednesday night. Mrs. Nelson has been treasurer of the high school and the elementary schools in the district for many years. The board accepted her resignation with regret and commended her for many years of service and for her high integrity in handling the duties of her post. Willowdale Dairy of Antioch was awarded the contract for supplying milk to the school on the low bid of .0572 for one-third quart. Beatrice Foods presented the low bid on six varieties of

ice cream products. The board employed Miss Geraldine Bock as Home Economics teacher. Miss Bock is a recent graduate of Stout University. Arthur Blecke was employed by the board to replace Lawrence Eggleston, Dean of Boys. Mr. Blecke has spent 12 years at Luther North School as teacher, coach, and some administrative duties. The board approved the expenditure of \$1,055 for supplies for roof maintenance. Approval was also given for a 12-foot fence along the baseball diamond, to prevent balls from hitting the building on the athletic field and from straying to other areas. The fence will be 90 feet long and cost \$770. Mrs. Gladys Slipieck was employed to replace Jacqueline Horton as secretary.

2-Year-Old Narrowly Escapes Drowning

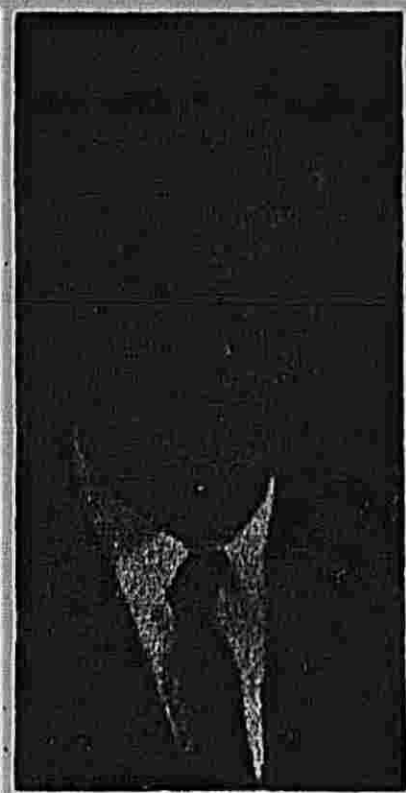

David Pergrin, two-years old, of 561 First St., Grayslake, was revived by the Antioch Rescue Squad after nearly drowning at Loon Lake Tuesday, June 21. Rescue Squad members revived the unconscious boy and he was taken to Conell Hospital. David was playing in the water with several other children. His mother was nearby. His plight was first noticed by one of the small children. He was unconscious when pulled from the water. The Rescue Squad aided Luci Caspari, 70, of Rt. 3, Box 653, Antioch, June 20. August - Slajchert, 62, of 1106 Bishop, was taken to Victory Memorial Hospital June 19. George Kelemen, 28, of 3703 West Agatite, Chicago, was taken to Victory Memorial Hospital June 19. He received head lacerations and bruises when he fell from his car in trying to avoid another car on North Ave.

Leaves News For Tail-Corn Country

The Antioch News, the Rescue Squad and the Lions Club will lose a member this week, as Howard Shepard leaves for a new job and home in Webster City, Iowa. Howard, grandson of publisher Margaret Gaston, has been with the Antioch News about eight years, as Managing Editor, then Advertising Manager. He's been active in civic affairs, a member of the Lions Club, the Rescue Squad and the American Field Service. Howard leaves to enter the employ of Beam Industries in Webster City, manufacturers of built-in vacuum systems.

Loses License

The office of Secretary of State Paul Powell has announced the suspension of the driver's license of Robert L. Pfiffer, Jr., Rt. 3, Box 771, Antioch, following three violations.

J. Edgar Udell

C. Of C. To Hear About Microwaves

Telephone calls beamed across the Atlantic via communications satellites such as the Bell System's Telstar couldn't get very far if it weren't for invisible electrical streams called microwaves. The tremendous importance of microwaves—stand-ins for telephone wires—will be spelled out in a talk, "Microwave Magic and Satellite Communications" being given before the Antioch Chamber of Commerce at its meeting Wednesday, June 29. The meeting will begin at 8:00 p.m. at Antioch Savings & Loan, according to Jayne Wagner, Executive Secretary of the group. J. Edgar "Ed" Udell, public relations representative for Illinois Bell Telephone, will demonstrate with a working model how microwaves can carry phone calls and television from coast to coast or around the world. He'll show how music carried by microwaves passes through wood, is stopped by metal and can be sprayed about with a rubber rod, like water from a hose. Udell will tell the story of man's "voice leap" into space and back again for the first time in history and about the advances achieved with Project Telstar.

Molester Of Child Gets 3-7 Years

Police Chief Jack Heick reports that a man arrested in Antioch in early February for molesting a young girl from Antioch Grade School received a sentence of 3 to 7 years in jail Tuesday. Robert Milligan, 38 years old, 213 Ridge, Wildwood, was found guilty and received the sentence in the court of Judge Eric Carey in Waukegan. A motion for probation was denied. Chief Heick said that Milligan would not be eligible for parole for three years under the sentence.

Driver Attitude Cause Of Many Accidents

Why are drivers killing themselves and others at such a rapid rate on Lake County Highways? The Lake County Safety Commission feels that "Driver attitude" contributes to more accidents than any other factor. Most drivers consider themselves the world's best drivers and it is always the other fellow's fault when an accident does occur. He is such a good driver that he has a license to speed, drive and drink, ignore traffic laws, and fail to maintain his car in a safe condition. The State may suspend or revoke a driver's license, but again, most drivers feel that driving is a right, not a privilege, and they will continue to drive. There are one hundred million drivers in the United States and too many of them have a poor attitude, and remember they are driving the cars you meet on the highway. Heavier traffic and higher speeds increase driving hazards during holiday periods.

NOTICE

Residents of the Village of Antioch are notified that all lots within the village must be mowed. The village board Tuesday night approved a motion to proceed with the mowing of all property in the village not mowed by the owner by July 5. The property owner will then be billed. If the bill is not paid, a lien will be placed against the property.

Mobile TB Unit To Be In Antioch

The Lake County Tuberculosis Association Mobile Unit will be stationed in town soon. The x-ray unit will be at 910 Main St. in Antioch, in front of the V & S Hardware Store, from 1 p.m. to 4 p.m., and 5 to 8:30 p.m. on June 28 and 29. Any person 18 years of age or older is eligible to have a chest x-ray which can discover tuberculosis, heart disease, cancer and other respiratory conditions. Procedure for a person who wants an x-ray is to go to the unit, register, remove coat and jewelry, empty pockets of blouse or shirt and step in front of the x-ray machine. Later the film is developed and interpreted, the report is coded, and the individual report is sent to the person x-rayed within 3 to 4 weeks. Negative x-ray reports from the Mobile Unit may be presented to the Health Department for health permits. The x-rays are paid for through the purchase of Christmas Seals in Lake County and no solicitation is made at the time of x-raying.

Lads Lose Locks For Freedom

Sampson lost his strength when his locks were shorn by Delilah. Will juveniles who commit petty offenses decide to straighten up and fly right if they lose their "Beatie" haircuts? A good many judges think it's a step in the right direction, and so, evidently does Antioch Police Chief Jack Heick. He offered a choice—prosecution or haircuts—to three 16-year-old youths caught shoplifting in Antioch last week. And, after some deliberation, and with some anguish, the three agreed to part with their long locks. Chief Heick escorted the boys to a local tonsorial parlor, and the three emerged with crew cuts—and without a police record. The three youths—all from Wisconsin—had been apprehended at Ace Hardware, having "lifted" 89¢ worth of the store's stock.

Approve Junior College Petition

The state junior college board has approved a petition of the Lake County junior college committee which may result in a hearing on the matter in August. The boundaries of the new junior college proposal take in Highland Park and Lake Forest high school districts. Dr. Gerald Smith, executive secretary of the board, said that the Illinois board of higher education would be notified of the vote on the proposed district would be scheduled between August 15 and Sept. 1. Highland Park and Lake Forest representatives have declared themselves unwilling to be included in the Lake County junior college district. They prefer to be included in a proposed district of north shore communities, including Evanston, New Trier, Niles and Northfield townships. After the public hearing, the junior college board will decide whether or not to call a referendum on the matter.

VOL. LXXX, NUMBER 52

Oakwood Knolls Residents Must Hook Into Sewers

Mayor Raymond Toft announced at Tuesday night's meeting of the board that action would have to be taken to see that all residents of Oakwood Knolls hook into the village sewers. Toft said he had received several complaints from the Lake County Board of Health on the condition of the septic tanks in the subdivision. In addition, he said, he received complaints on the condition of septic tanks almost daily from Oakwood Knolls residents who are already hooked into the system. Clerk Clarence Shultis reported that about 50% of the residents are presently using the sewer system. The sewer system was completed in the Knolls about four years ago. Tapping fee for the first year was \$300. This covered the cost of installing the sewer main from the road to the house and a \$50 tapping fee. The cost of tapping rose each year, to \$350, then to \$400, then to \$500, the present price. The schedule of the increase in prices was

set up in the original agreement to induce residents to tap into the sewer as soon as possible. Toft instructed the village clerk to inform residents that they must now tap into the sewer system. **SEWER FOR CHURCH** Another sewer problem was raised by Trustee David Nissen. He said that officials of the Christian Science Church had consulted with him on the installation of sewers to serve the new church building on Route 173. Two estimates of cost

they had received were \$5,000 and \$2,500, both, they said, beyond their means at this time. In addition, he said, they found the cheaper method undesirable. Church officials had shown him a letter, Nissen said, that was given to them by the village board about ten years ago giving them permission to install a septic tank system. Mayor Toft and board members pointed out that an ordinance outlawing septic tanks was already in effect ten years ago. Toft said that he doubted, also, if the state would allow it. Nissen was instructed to consult with church representatives again, informing them that the board could not comply with a request to permit installation of a septic tank.

Who's The Fairest?

The Lake Region Jaycees are beginning activities in preparation for their Beauty Queen Contest, to be held August 6 and 7. The crowning of the Queen will be held in conjunction with the Antioch Lions Club annual Chicken Dinner. Applications of contestants for the title of Miss Lake Region Jaycee are available now from Ed Ring, 395-0199. They will also be available at the office of the Antioch News next week. Any unmarried girl, 16 to 21 years of age, a resident of the Lake Region, may enter the contest. A dinner for the contestants, sponsors, judges and Jaycee officials will be held July 31.

Faith Ev. Marks Fifteenth Year

The fifteenth anniversary of the founding of Faith Lutheran Church of Antioch will be celebrated at two special services June 26. One will be held at the church at 8 a.m. and the other at 10:30 a.m. at Van Patten's Woods, located on Highway 173 east of Highway 41. Guest speaker at the services will be Professor Ulrick Larsen of Milwaukee Lutheran Teacher's College. Pastor Larsen is Chairman of the Science Department of the school and also acts as Dean of Students. The children of the Vacation Bible School will sing for the occasion. Faith Lutheran Church has 495 members, and a Sunday school enrollment of 160. The Pastor is the Rev. David M. Ponath. The Church and Sunday School picnic will be held on June 26, also, following the 10:30 service at Van Patten's woods. A potluck dinner will be held. Friends and members of Faith are invited to the services and the picnic in honor of the anniversary.

Audit Shows Residents of Village Good Taxpayers

David Cain, accountant with the firm of Jedicke & Cain, pointed out some inefficiencies in the village accounting system, and some trends in the village finances in his report to the board on the yearly audit Tuesday night. Cain pointed out that assessed valuation of the village property has risen \$600,000 each year for the last three years. The board will be fairly safe in assuming, for budget purposes, that approximately the same increase will take place next year, he said. Another factor that showed up in the audit, Cain said, is that property owners in the village of Antioch pay their real estate taxes better than those in the county at large. The percentage of non-collectible taxes is lower in Antioch than the county-wide percentage. The village is in a healthy condition financially, he said. The General Corporate Fund had a \$7,000 surplus at the end of the fiscal year, and there has been a surplus each year since Jedicke & Cain have audited the books. Cain recommended some up-dating of the accounting system. Although the system which has been in use in the village is fundamentally sound and legally correct, he said some balances are deceiving, and some methods not according to the best methods of modern accounting. Cain pointed out that Auditor Michael Howlett is putting increasing pressures on municipalities to use modern accounting methods. The board should consider several changes in its methods. At the time his firm took

Terri Lee

Bottle Took Long Trip

A bottle thrown in Channel Lake last August was fished from the waters of Lake Erie recently. Theresa Lee, 10 years old, of Route 5, Box 106, Antioch, put her name and address and a request for the finder to get in touch with her in a ketchup bottle last August and dropped it into Channel Lake. Recently she received a letter from Diane Domerski, 154 W. Main St., Norwalk, Ohio. Diane wrote that she found the bottle in Lake Erie, and enclosed a portion of the faded letter Terri had put in the bottle. Terri got the idea for the bottle message from her father, Robert Lee, she said. He told her he'd done it when he was a child and she thought she'd try it. Terri is 10 years old (she'll be 11 in September) and in the 6th grade at Antioch Grade School. She has two sisters, Mary and Bobbi. She sent a letter off to Diane immediately, to acknowledge receipt of the bottle information. Diane wrote that she is 14 years old, a freshman in high school. Now anyone with an inquiring mind can try to figure out a possible route the bottle took in its long journey from Channel Lake to Lake Erie.

Safety Lane This Lane

Anyone living in the Antioch area can take advantage of the free safety check for cars Saturday, June 25. The Safety Check is being conducted by the Antioch Police in conjunction with the Antioch Rescue Squad. Local garages and car dealers will donate equipment to use in the check. The safety lanes will be at the village parking lot on Broadway continuously from 9 a.m. to 6 p.m. Chief Jack Heick said that the check will cover all parts of the car that might be a threat to safety, including lights, brakes, tires, exhaust systems and windshields. Ray's Shell, Jim's Standard Station, Al's Citgo, and Ford Dodge and Chevy dealers in Antioch will help with the check. Robert Post, chairman of the Lake County Safety Commission, will be present during the safety check.

EMERGENCY ALERT SIREN

Trustee Vern Barnstable informed the board that Edward Frazier, Civil Defense Director, had asked for a decision on the matter of purchasing a siren for use in case of an emergency alert. The siren will cost \$750, the village to pay half the cost and the Federal government the other half. The siren is used for tornado warnings, air raid alerts, etc.

The sound of the siren will be distinctive, Barnstable said, and can not be mistaken for the fire or rescue squad siren.

The board approved the expenditure of \$375, the village's share of the cost of the siren. Barnstable also reported that the library board had asked that the village trade about forty feet of property with them. The Little League bleachers are now on library property, they said. They proposed trading a portion of that property for a forty foot strip of village property.

Toft pointed out that the 40 feet of village property fronted on Main St. The board asked time to consider the matter and instructed Attorney Jacobs to investigate the legality of trading village property.

Attorney Jacobs reported a request from Helen Osmond that the road to Jols near the Colonial apartments be restored. The roadway was destroyed when the apartment house was built, Edgar Simonsen said. Simonsen was instructed to restore the road.

SUBDIVISIONS APPROVED

The mayor, clerk and treasurer were authorized to sign plans for Sequit Terrace and Westgate subdivisions upon presentation of a letter of credit insuring installation of sewer, water, streets, curbs and sidewalks, and a check covering cost of inspection.

SIGNS IN VIOLATION

Clerk Clarence Shultis was instructed to write letters to Jewel Tea Store, the State Bank, and John Teresi Chevrolet-Olds informing them that they are in violation of the village sign ordinance. Signs recently installed encroach on the sidewalk. Simonsen was instructed to investigate the sign being erected at the new A & P Store in the plaza to determine its legality. Mayor Toft pointed out that any residents or businesses intending to do any remodeling, building, plumbing, or putting up signs, etc. should contact the village hall to determine the rules governing such installations.

"Speedy" Returns

The first election with the Votomatic voting machine is now history and everyone (almost) seems well pleased. A major snafu might have been expected to develop, but apparently none did.

There is one bug we'd certainly be happy to see ironed out. Returns from individual precincts, such as Antioch's six precincts, are certainly slow in coming. In the past, with election on Tuesday, we've always been able to get precinct returns Wednesday morning in time to get them in the current paper.

This year, with the automatic computer system, precincts are still not tabulated Friday. They should be completed by Tuesday, one week following the election.

In the meantime, the winners of precinct committeeman posts are "unofficial". In fact, precinct committeemen who had competition still didn't know whether they'd won or lost the election by evening of Wednesday, the day after the election.

A spokesman in the clerk's office says results would be forthcoming much faster if election judges from each precinct would handle the returns from their own precinct. If so, we hope this is the way it will be in the future.

The automatic voting machine is a boon and certainly some such device will be necessary as the population grows denser. But removing local election judges from the vote-counting is a step toward taking policing of the counting out of the locality. It could lead to more voter disinterest, and it could, in the wrong hands, be a tool to vote fraud.

Maybe election judges won't like spending the time to tabulate their local vote, but it should become part of future procedure.

Tidy or Trashy

This is vacation season, the time when almost everyone takes to the road. We all get to see a lot of new country that way. As you ride through towns you've never seen before, or look for a place to stop, for a meal or for a few days, you see things that the regular inhabitants don't notice. Your first impressions—usually "a clean place", "pretty", or "thumbs down".

The "thumbs down" impression can be an accumulation of a lot of little things. Usually, it can be summed up as just "poor housekeeping".

A favorite sign in the old saloons used to be, "If you spit on the floor at home, feel free to do it here". The idea was that no one was going to admit that he lived in a dirty home, so he'd be on his best behavior. Early saloon keepers haven't left any statistics as to whether or not it worked, but presumably it was some deterrent.

Good housekeeping is as contagious as poor housekeeping. Let one person toss a candy wrapper or an empty cigarette package down, and soon the street is littered with trash of all kinds. Let one weary or heedless shopper leave a shopping cart on the street, or in a parking lot, and soon a cluster of abandoned carts will form around it. Let one store, or one business, allow trash to pile up on the premises, and soon his neighbor follows suit. Let a vacant lot grow up to weeds, and soon the overall impression of a street is unkempt.

How do you persuade a populace to be as tidy in public as they are at home? Maybe by each person assuming responsibility for the tidiness of the community—don't be the first one to toss down a piece of paper, to abandon a shopping cart in a place where it doesn't belong, to leave a lot unmowed, to leave an old car or an old stove in an alley or sideyard.

Maybe a series of catchy signs along streets and highways would help. Remember how we used to pass the time on trips reading "Burma-Shave" signs? They probably halted more drivers considering passing on a hill or curve than all the statistics.

There is no permanent solution, of course. Housekeeping goes on and on. Wash the dishes from breakfast, and soon a new set of dirty dishes

By Pearl Kapell

If you're looking for a bell to ring on the 4th of July, I notice several local stores have them. Join in the Message of the bells. There's nothing the kids remember better than a chance to join in making noise. Could be that they might even get interested in their nation's history.

BEER CANS VS. BRAINS: Dr. Norman Vincent Peale, in a recent column, tossed a blast at people who litter the countryside with discarded beer cans. Although Dr. Peale leaves one with the impression that he hardly thinks beer can litterers should be dignified with the word "people".

However, he does say: "Of course, one has to be a terrifically positive thinker to hope to get through to insensitive persons, but I for one believe that even beer can throwers have souls—maybe even brains."

Dr. Peale suggests that Mrs. Lyndon B. Johnson might be able to wield some influence in cutting down this desecration of the landscape, in line with her campaign to beautify the nation. Anything that would help is much to be desired, but I suspect a few words from the Beatles or a similar group might wield more influence with the beer-can discards. Let Ringo say, "I can't STAND people who throw beer cans on the roadway," and you'd probably notice an almost immediate drop in the trash.

Dr. Peale concludes with the observation, "Actually, isn't a beer can thrower somewhat of a personality failure?" Yes, he probably is, and a very expensive nuisance besides, if you figure what it costs to pick up his discards.

Out here in the resort region, we get a double-dose of this kind of sloppiness. How delightful it is, on a bright June morning, to take a stroll down to the shore of the channel or lake. The birds are singing, a little breeze ruffles the sunlit water, and bobbing lazily along on the surface of that water is an assortment of empty beer cans, a stray empty Southern Comfort bottle, an odd assortment of bait containers, soggy wrappers and like trash.

People do love to mess up the landscape they so admire.

ALONG THE WAY with Annie Mae

Sign Up Now

I stopped by the Pool this week and noticed the swimming lessons are in full swing. This certainly is a terrific program for children of all ages, and one YOUR children should not miss.

Face Washing

That "fine haze" you've seen around town lately is the sandblasting dust from the new First National Bank. It looks like a brand new building with that face lift.

While Ernie Westlund and Bill Ernst were traveling to Rockford last week, they came upon a bad accident. Being the first on the scene, Ernie put his First Aid ability to work until more help arrived. They were lucky people to have such a competent person to help them.

Familiar Face Leaving
Last Saturday evening Pete and Joan Poulos and Walter and Bev Shepard co-hosted a "going away" party for Howard Shepard. He is taking a position in Webster City, Iowa. A good time was had by all, playing horseshoes, badminton, darts, and volleyball. Those present were the Roger Andrews, Jack Fields, Tom Hales, Tom Haylands, Judy Linder, Ev Offedahl, Karen Phillips and Bill Wilton, Ken Rentners, Len Roblins, Carl Seemanns, Lew Simons, Bob

Courthouse Notebook 20 Years Ago In Antioch

BY LOU DUKKIN

Big question facing Republican leaders in Lake County now is the depth of the scars inflicted during the recent primary campaign and the chances of healing the wounds before the November general election.

The much-maligned endorsement convention held by the Lake County Republican Central Committee was supposed to eliminate party fighters but it generated considerable opposition and resentment.

It remains to be seen if the opposition was really opposition to the idea of endorsement or were the choices of the convention the real source of irritation to those who decried their loss of "freedom of choice."

The glee with which the defeat of Robert J. Milton in his bid for the GOP nomination for County Treasurer was greeted indicates that in his case at least the cries of foul were aimed at him rather than at the theory of endorsement.

Milton was the special target of the anti-endorsement forces and there is a feeling that the outcry was aimed at his using his office of central committee chairman to gain the endorsement rather than any real opposition to the overall slating.

Milton can be expected to seek another term as county chairman, but it will take some fast footwork on his part if he wants to line up enough votes without making too many commitments.

Coroner Orville (Pat) Clavey, whose support for sheriff nominee Harold Scheskie was not exactly the year's best-kept secret, can be expected to wield some influence in the chairmanship fight and just might be able to dictate the election since he is now a member of the committee by virtue of his election as a precinct committeeman.

It wouldn't be too surprising to see the "Stop Clavey" forces line up behind Milton for chairman even though these same forces two weeks ago were dead against the portly chairman.

Many observers are writing requiems to the political life of Robert H. (Mickey) Babcox who lost his bid for the County Clerk nomination to Truman Gerretsen, but it might be too early to declare the former coroner a political corpse.

Others in the past have been counted out and bounced back and Babcox has two years in which to gain his former political stature.

The re-apportionment agreement which created the

new legislative districts was supposed to give the Republicans two sure seats in the 31st district in the north end of the county, but this isn't as sure as it might be.

North Chicago Police Chief John Matijevich and Atty. William Hartnett who won the Democratic nominations are strong candidates and their chances of wresting one seat from the Republicans cannot be discounted.

Waukegan and North Chicago should give the Democrats strong support since there are no candidates from Waukegan Township, the largest in the county by far, on the Republican ballot.

If nothing else this would seem to indicate that the Waukegan Republican organization has done little to build a candidate they can rally around.

With the exception of the Judiciary Waukegan Township's lone representative among county and legislative office holders will be State Senator Robert E. Coulson.

Shore communities just might decide to add Matijevich to the legislative team while returning Hartnett to his post in the Illinois General Assembly.

Under the circumstances John Conolly and W. J. Murphy might be forgiven if they campaign a little harder than legislative candidates are wont to do this summer.

FLORIDA TAN

The businessman sat in his office dictating a letter to his secretary when suddenly, past the window, plunged a fellow executive from the floor above.

"Good heavens!" he cried, rushing to the window. "Isn't that George Lapham? Why he just got back from Florida this morning!"

"Well, it certainly must have agreed with him," said the secretary. "Did you notice his tan?"

Your Congressman Reports....

By Cong. Robert McClary

The shooting of James Meredith on a public highway in Mississippi has shocked the entire Nation. The first Negro to enter and graduate from the University of Mississippi was engaged in a long hike from Memphis, Tenn., to Jackson, Miss., a distance of 225 miles, when he was shot down by a sniper who had set an ambush for him.

The expressions of concern uttered on the floor of the House of Representatives were directed primarily to the subject of the lack of Federal legislation to protect a citizen such as Meredith who is attempting to encourage the exercise of civil rights guaranteed by the Federal Constitution.

Pending before the House Judiciary Committee is a comprehensive measure relating to such subjects as jury selection, school desegregation, so-called fair housing, and, in addition, a proposal intended to protect all citizens against physical attacks or interference in the exercise of their civil rights. This latter portion of the pending bill would protect

The Law Serves You

STRICT RULES GUIDE LAWYERS' CONDUCT

You may or may not have read or heard a report that a lawyer has been charged with "unethical and unprofessional conduct" with reference to his law practice. When one considers the many thousands of lawyers that are currently engaged in the practice of law in Illinois, the number of these occurrences is extremely small. This adverse publicity is often the only thing that non-lawyers hear about the ethics of the legal profession, and then in a negative sense. People who abide by the rules of their profession or occupation usually do not make newsworthy stories.

What many people do not realize is that strict rules of conduct are imposed upon attorneys by what are known as the "Canons of Professional Ethics." The Illinois State Bar Association has canons of ethics which its members must observe, and the Illinois Supreme Court has stated many times that lawyers may be subject to professional discipline for not observing these canons. The codes of ethics are policed and enforced largely by the lawyers themselves and violation of them may lead to professional discipline such as disbarment or suspension from the practice of law.

Let us consider several of the more significant canons of the Illinois State Bar Association so that the readers may appreciate the framework within which the lawyer is supposed to conduct his practice.

Influencing Decisions
A lawyer is not allowed to attempt to exert personal influence on a court and may not approach a judge outside of court for the purpose of obtaining the judge's views or influencing his opinions on matters before him in court.

Defense of Criminals
It is the right of a lawyer to undertake the defense of the accused so that innocent persons, victims only of suspicious circumstances, are not denied a proper defense. If the lawyer refused to defend those he thought guilty, he would be acting as judge and jury before the trial.

Further, having agreed to defend the accused, the lawyer is bound to utilize by fair means all defenses which are available under the law. On the other hand, the public prosecutor's primary concern is not to convict the accused, but rather to see that justice is done. Consequently, he may be duty bound to aid the accused if he learns of facts or witnesses which establish his innocence.

Conflicting Interests
A lawyer may not represent two or more parties in the same matter if the interests of one party conflict with the interests of the other, unless he explains the situation to all parties involved and obtains their consent to continue in the matter as their attorney. A lawyer may not represent a client in a matter which would require him to divulge or make use of information which was revealed to him in confidence by a former client.

Confidential Information
Probably no other section of the Canons is of greater importance to the preservation of the dignity of the legal profession than that which requires a lawyer to guard scrupulously the facts revealed to him in confidence by his client. Neither he nor his employees may disclose any information gained as a lawyer, even to closest relatives, and even though the lawyer's employment has long since ended. He may not be forced to testify in court as to confidential disclosures unless the client consents.

Fixing Fees
Illinois lawyers are admonished by their Canons against charging more than their usual fee because the client is able to pay at a higher rate. Nevertheless, every lawyer is expected to reduce his normal fee if the client cannot afford to pay it. Fees are generally based on such considerations as time spent, the difficulty of the problem involved and the results obtained for the client.

Solicitation
Lawyers are strictly forbidden to solicit professional employment in any way. For example, lawyers may not use circulars, advertisements

or runners in order to secure law business. Solicitation or so called "ambulance chasing" is conduct which is reprehensible and inimical to the traditions and best interests of the legal profession. Not only does it provoke derision and disrespect in the mind of the public, but also it leads to unsavory competition and consequences materially detrimental to the dignity and honor of the legal profession as a whole.

The "Law Serves You" is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

PROTECTING YOUR REPUTATION

If you were to receive a letter from an old enemy accusing you of a serious crime, and you could readily prove your innocence, would you win in a libel suit against the writer?

The answer is "no"—not unless copies of the letter were sent by the writer to someone other than you or were read by a third party, even by accident. Under Illinois law, a defamation cannot occur until the remark or writing is communicated to someone other than the person spoken of or written about.

In other words, you can say what you wish to someone in private, but not in public or where others can hear. The law protects only our reputation, not our feelings.

Defamation
The word "defamation" means speaking or writing falsely or maliciously about another person in such a way that it tends to injure his good reputation or hold him up to public ridicule or hatred. A written defamation is "libel," and a spoken one is "slander."

Of the two, libel is considered to be more serious because the written word is more permanent. Not only words, but photographs and statements broadcast over radio have been held by some courts to be libelous rather than slanderous.

Privileges
In certain cases when it is in the public interest, the courts have held that defamatory statements can be communicated without risk of a law suit. This protection is known in legal language as a "privilege."

You are acting under a privilege when you report your suspicions of crime to a policeman, or testify in court as to someone's wrongful conduct, or criticize those who hold public office. The fact that a statement is true may not always be a good defense in an action for libel or slander. Illinois law also requires that the statement be made with good motives or for justifiable ends.

If you make a slanderous statement for the purpose of injuring a competitor's business or reputation, you would be legally wrong even if the information is correct. Illinois law does not condone the poison pen letter which seeks only malicious ends rather than the public good.

THE LAW OF WAR: MILITARY JUSTICE

Separate systems of law for the regulation of armed forces have been in existence since the beginning of human history. The ancient Persians, Greeks, and Romans all had organized armies which used legal systems separate and apart from their regular civilian legal institutions. This custom of specialized military law has continued to the present time and is now found in the United States Uniform Code of Military Justice.

The basis for military justice in the American legal system is found in our Constitution which provides that Congress shall have the authority "to make rules for the government and regulation of the land and naval forces." The Uniform Code of Military Justice was enacted under this authority and this same Code applies to all branches of the armed forces. The Code covers all phases of criminal law, but does not govern property rights, suits for damages, and similar private matters which are left to the civilian courts.

James Meredith's lengthy hike was intended to dramatize the right of 450,000 Negro citizens of Mississippi to register and vote without fear. The impact of his hike

Courts-Martial

Military justice is administered primarily through courts-martial. There are three types of courts-martial: the summary court-martial which consists of one officer; the special court-martial which consists of at least three officers; and the general court-martial which consists of at least five officers.

The members of a court-martial function as both judge and jury and reach decisions by vote after hearing the evidence. Enlisted men may require that the court trying them include enlisted men, otherwise only officers sit on courts-martial. The members of the court are always superior in military rank to the person being tried.

Before a person is brought before a court-martial for a serious offense, the matter is first examined by an independent investigating officer.

The investigation is similar to a civilian grand jury, except that under military law the person being investigated has a right to participate in the investigation, while civilian grand jury proceedings are usually secret. After investigation, the charges are either dropped or referred to a court-martial for trial.

The procedure of a court-martial is similar to a civilian criminal trial. The accused is assumed to be innocent and the charges must be proved beyond a reasonable doubt before guilt can be established. The accused is entitled to counsel, may cross-examine the witnesses against him, and present his own witnesses. He does not have to testify, but may if he so wishes.

In military trials for serious offenses, the accused is furnished counsel at government expense. He may select without charge any readily available military person as counsel. He may also engage civilian counsel of his own choosing at his own expense.

In the event of conviction, the record of trial will be carefully reviewed by higher military authorities who function similarly to civilian appeal courts. The accused is entitled to government furnished counsel for these appeals. At each level of appeal the sentence may be reduced or eliminated, but can never be increased.

In addition to courts-martial, the armed services maintain discipline through punishments imposed by commanding officers without formal trial. This is known as non-judicial punishment and is strictly limited to certain minor offenses and punishments. Depending upon the exact circumstances, the accused person usually may refuse non-judicial punishment by demanding a trial by court-martial.

"The Law Serves You" is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

Your Congressman . .

(Continued from Page 2)
citizens: (1) seeking to vote or to register to vote, (2) enrolling in or attending any public school or college, (3) enjoying public accommodations in hotels, restaurants or public facilities, and (4) seeking to enjoy other civil rights which are guaranteed by the Constitution and laws of the Federal Government. Proposed Federal penalties for those who would violate this Federal prohibition include fines and imprisonment.

The delays which seem apparent in the consideration of the comprehensive Civil Rights Act of 1966 have suggested to this Member of Congress that action is needed at once on that part of the legislation which would protect citizens such as Meredith in the exercise of their Constitutional rights. Many other Members of Congress and aroused citizens throughout the Nation also appear to demand action on this subject now. Indeed, it appears somewhat anomalous that the Federal Government can enact legislation to carry out basic Constitutional rights and yet lack authority to protect those who would exercise or promote the enjoyment of those rights.

James Meredith's lengthy hike was intended to dramatize the right of 450,000 Negro citizens of Mississippi to register and vote without fear. The impact of his hike

DEATH NOTICES

LILLIAN COCHRAN

Mrs. Lillian L. Cochran, 71 years old of 402 Granada Blvd., Venetian Village, Lake Villa, passed away on Monday, June 20, at 11:35 a.m. in St. Therese Hospital after a brief illness.

She was born March 29, 1895, in Chicago and resided there until moving to Venetian Village in 1946. She retired 2 years ago as a bookkeeper and cashier for the Waukegan Produce Co.

Mrs. Cochran holds membership in Lakeland Baptist Church and the Venetian Village Auxiliary.

Survivors are a daughter, Mrs. Robert (Marion) Hammit, Venetian Village, one sister, Mrs. William (Alma) Rupp, Maywood, and one grandson, Robert M. Hammit, Venetian Village.

Funeral services will be held at 2:00 p.m. today (Thursday) in the Strang Funeral Home at Antioch. Rev. Robert Prinzing of the Lakeland Baptist Church will officiate at the services. Interment will be in Millburn Cemetery. Memorials may be given to the Lakeland Baptist Church or the Lake Villa Rescue Squad.

J. HARRY CHRISTENSEN

Mr. J. Harry Christensen, 74 years old of 913 2nd Ave. at Deep Lake, near Lake Villa, passed away suddenly from a heart attack on Monday, June 20 at 1:30 p.m. in his home. He was born May 9, 1892 at Copenhagen, Denmark, and came to America in 1910 to reside in Chicago until moving to Deep Lake in 1931. He married Antonie Stecklahn on Oct. 25, 1918 at Waukegan. Mr. Christensen had worked for 15 years as an electrician at the Great Lakes Naval Station until his retirement 9 years ago.

Survivors are his wife, Antonie, one daughter, Mrs. Louis L. (Myrtle) McGill, Indiana, Pa.; three sons, William H., Lake Villa; Robert J., Wildwood, Ill.; and John, Antioch; 6 grandchildren and one great-grandchild.

Funeral services were held at 1:00 p.m. on Wednesday at the Strang Funeral Home in Antioch. Rev. Bruce Jones of the Lake Villa Methodist Church officiated at the services. Interment was private.

ERNEST SCHUENER

Mr. Ernest Schuener, 87 years old of Channel Lake near Antioch, passed away on Saturday, June 18, at 3:00 a.m. in Victory Memorial Hospital after a lingering illness. He was born Dec. 25, 1878 in Canton Bern, Switzerland, and came to America in 1898 to reside in Chicago where he worked for Magill and Wincheimer Co. as a foreman for 25 years, then was employed by Lord Thomas & Logan Co. in Chicago for several years. He was a member of the Chicago Typographical Union No. 16 and the Swiss American Lodge, both of Chicago.

He married Carrie Kimble in Chicago on June 18, 1902 and had been married 64 years at time of his death. He was preceded in death by one sister, Mrs. Elizabeth Schildknecht, in 1965, and a brother, Charles Schuener, on Sept. 19, 1959.

Survivors are his wife, Carrie, one son, Carl, of Antioch and two grandchildren, Mrs. Carol Lindseth and Edward Schuener.

Funeral services were held at 1:30 p.m. Monday at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist Church officiated at the services. Interment was private.

may be far greater than he dreamed. In addition to encouraging the exercise of voting rights, this wounded citizen's experience may provide the impetus for early enactment of a Federal law to protect individual citizens such as he who marches forth—in the future—in behalf of equal justice under law.

POINT OF VIEW

"Let me tell you, ladies and gentlemen, it is the working classes that have made this country what it is today," said the orator as he paused in expectation of applause.

Instead, an angry listener shouted: "That's the way with you politicians, blame everything on the poor folks!"

Lindenhurst News

Couples Club Elects Officers

The Couples Club of St. Mark Lutheran Church elected Mr. and Mrs. Vern Rillman as president at their meeting Sunday afternoon. Also elected were Mr. and Mrs. William Kaub, vice president; Mr. and Mrs. Olaf Rasmussen, secretary; and Mr. and Mrs. Harry Boal, treasurer.

The outgoing officers are Mr. and Mrs. William Shultz, president; Mr. and Mrs. Matt Harvay, vice president; Mr. and Mrs. Boy Jakob, treasurer; and Mr. and Mrs. Bert Langner, secretary. Fifteen couples enjoyed swimming, boating, water skiing, playing croquet, and a picnic lunch at the Edwin Eber home on Sand Lake.

Where the Boys Are

Carl Erber, the youngest of the Erber boys, was sent to Cuba May 5. He was at Camp Lejeune, in North Carolina and expects to be discharged from the Marine Corps in August.

Brother Richard is in Oklahoma and expects to be discharged next April.

On August 5 of this year, the Erbers will be Lindenhurst residents for four years.

See Sound of Music

Mrs. Dorothy Kovanda took her eight Cub Scouts and a Boy Scout to see "Sound of Music" yesterday (Wednesday) at the Michael Todd Theatre in Chicago. Five mothers also accompanied them.

Garden Club Plants in Plaza
Several members of the Lindenhurst Garden Club planted marigolds and geraniums in Lindenhurst Plaza last Wednesday morning.

Visits Sister

Walter and Gen Schwalbe of Venetian Village drove to Elm, Minn., last week to visit Gen's sister, M. Ewald, who is a nun. She is a retired nurse and has charge of the chapel in Loretto Hospital. Sister Ewald will be celebrating her 50th jubilee in August.

Good Neighbors

The Good Neighbors of Venetian Village had their picnic at Johnson's Resort Tuesday of this week.

Father's Day Celebration

William and Sophie Elzer of Loretto Ave. in Venetian Village had their three children and their families from Norridge, Wheeling and Indiana out last Sunday for Father's Day.

On Vacation

Bill and Marilyn Belter are on vacation this week.

Week-end Visitor

Mrs. Gert Somers of Chicago was a weekend guest of Mr. and Mrs. Bill Wilhelm.

New Families

We welcome a couple of new families to the village this week. Robert and Louise Deu are renting the home at 1906 E. Elmwood Dr. They have two daughters, Sherry and Terry Lynn. Mr. Deu is an insurance agent for the United in Waukegan and Franklin Life in Springfield. They moved here March 30 from the northwest side of Chicago.

John and Mildred Tousek have purchased the Elmer Reuther home at 2008 Burr Oak Lane. They moved here April 28 from Roscoe and Kostner. They have been married 35 years and have two married daughters and three grandchildren. Mr. Tousek retired recently.

Sympathy Note

The sympathy of everyone in the area goes out to Marion Hammit on the passing of her mother, Mrs. Lillian Cochran, who died Monday morning of a heart attack.

Condolences are expressed to the Robert Biskas family on the death of Bob's father, Frank Biskas of Green Bay Rd., Zion, last Thursday.

Moved

Vicky Olszewski has sold her home at 1719 Hawthorne Dr. and has moved to Antioch. She will stay with her son, Edward and his wife, Arlene, until her apartment is ready.

Undergoes Operation

Kitty Levas was operated on at St. Therese Hospital last week for removal of gall bladder.

Rummage Sale

Prince of Peace Church will hold their annual Rummage Sale this Friday and Saturday in the school building. Sale starts Friday at 10 and last till 9 a.m. Saturday's hours are 9 a.m. till 2 p.m. Refreshments will be available.

Dances at Carmel

Carmel High School in Mundelein will sponsor dances every Friday during the summer.

BOWSER BAG

Every restaurant proprietor is familiar with the patrons who sometimes ask that their leftover beefsteak be put in a bag to take home to their dog. But when this happened recently, the small boy of the family spoke up in a shrill voice, "Oh boy, are we going to get a dog?"

"Lady" Becomes A Champion

Ericonj's Atlantic "Lady" Ruhl (called "Lady"), an African Barkless Basenji dog, owned by Lucille and Martha Strauss of 597 Highland Ave., Antioch, was entered and finished her championship with a four-point win in a major last Sunday, June 19, at the Land O' Lakes Kennel Club Show.

Millburn News

By Mrs. Frank Edwards
Ellio 6-5795

A special service for Masons and their families was held at 11:30 at Millburn Church Sunday morning. After the service this group met in the dining room of the Masonic Temple for a pot-luck dinner.

Devotional Study Group will meet this (Thursday) morning, June 23 at 9 o'clock at the home of Mrs. Gordon Wells.

Mrs. Frank Hauser returned home Sunday after spending a week with her son and families. Mr. and Mrs. Raymond Hauser and family at Menominee, Michigan.

Mr. and Mrs. Don Traux are celebrating their 25th wedding anniversary with Open House at their home Sunday, June 26, from 3 p.m. to 7 p.m.

Maynard Deedon of Chicago spent the weekend with his parents, Mr. and Mrs. Kenneth Deedon.

Mr. and Mrs. John Edwards and daughters, Susan and Lynn, of Libertyville spent Sunday evening at the home of Mrs. Frank Edwards.

Jill Jahnke, daughter of Mr. and Mrs. Vernon Stahnke of Roselle, Ill., spent from Thursday until Sunday with her grandparents, Mr. and Mrs. Leslie Bonner.

Bible School will begin Monday morning, June 27, at 9 o'clock. There will be classes for those four years or age through the fifth grade. The school will be in session one week from 9 a.m. to 11:30 a.m.

THE ANTIOCH NEWS
THURSDAY, JUNE 23, 1966

To attain the title of a champion a dog must win two major shows and the balance of points to make a total of 15 points. A major is three or more points under different judges.

Lady has won four major shows—two four-point, two three-point and two two-point shows for a total of 18 points. She had one Best of Breed win at St. Charles, Illinois.

In addition to her splendid conformation and color markings, Lady loves people and has become the entertainer of the neighborhood children and their parents.

KEEP THE CURL AWAY

There was a time when it was advised that fat edging around steaks and chops be flashed to prevent the meat from curling. This is not necessary if the meat is cooked at a moderate, rather than high, temperature during broiling.

Left to right, William Bratzke, Mrs. William Bratzke, Mrs. Emil Kleteca, and Emil Kleteca. The Kletecas recently celebrated their 45th anniversary.

Wed In Antioch 45 Years Ago

Mr. and Mrs. Emil Kleteca of 413 Walworth St., Lake Geneva, celebrated their 45th wedding anniversary on June 8 with a dinner at the Stage Stop in Wilmet for members of their families and friends.

Mrs. Kleteca is the former Laura Van Duzer of Antioch. Her family formerly lived on a farm north of Antioch which is now The Angels restaurant.

The Kletecas were married on June 3, 1921, at the Van Duzer home on North Main St. in Antioch by the Rev. Samuel Pollock. June 8 is

also the birthday of Mrs. Kleteca's mother, Mrs. Kleteca was an outstanding music student of Mrs. Nellie Ziegler, a piano teacher in Antioch. She gave her first concert at 16 years of age, has been a music teacher for many years and still gives lessons in her home.

Mrs. Kleteca is a church organist and is active in civic affairs. She says she's had pupils 5 to 43 years of age, and all were interesting. She is one of a family of 12 children. "All my sisters and brothers had a chance to study music, too," she

says, "but none of the rest were really interested."

Mrs. Kleteca practiced at home for five years before her mother took her to Nellie Ziegler. She'd learned to play "The Sweet Bye and Bye," and her rendition of it led to her acceptance as a pupil. "I'm still playing it in churches," she said.

Her sister, Pauline, was her bridesmaid at her wedding, and was present at the 45th wedding anniversary, wearing the corsage of yellow roses Mrs. Kleteca always gives her on the anniversary. The Kletecas' son, Vernon of Racine, his wife and two children, John and Jane, were also present.

Mr. Kleteca was originally from New Hampshire. He worked for the Dynamic Corp. in Kenosha until his retirement.

Mr. and Mrs. Ronald Romani

Horton-Romani Wedding At St. Peter's Church

Dolores Horton of Antioch and Ronald Romani of Round Lake were married at 11 a.m. Saturday, June 4, at St. Peter's Catholic Church in Antioch.

The Rev. James Prendergast officiated at the ceremony. The bride was given in marriage by her father.

The bride is the daughter of Mr. and Mrs. Raymond Horton, Charles Court, Antioch. Mr. Romani is the son of Mr. and Mrs. Peter Romani, 107 W. Hawthorn Drive, Round Lake.

The bride chose a floor-length gown of silk organza and chantilly lace with a detachable wattleau train, sabrina neckline and long chantilly lace sleeves. A pearl and rhinestone headpiece held her imported illusion fingertip veil. Her bouquet was a cascade of white gladioli and lilies of the valley.

Mrs. Charlotte Horsch, sister of the bride, was matron of honor. Mrs. Linda Halek and Miss Pamela Romani, niece of the groom, were bridesmaids. The bride's attendants wore two-tone blue A-line floor-length gowns, with matching trim to highlight the Empire waist.

They carried long cascades of blue Wedgewood iris over lavender and purple asters, flowing into garlands of pink chiffon roses and variegated ivy. Halo-type headpieces held their blusher veils.

Cathy Jackson, niece of the groom, and Jimmy Horsch, the bride's nephew, were flower girl and ring bearer.

George Rozhon served as best man. Ronald Horton, the bride's brother, Richard Romani, nephew of the groom, Dean Horton, the groom's brother and Reid Jack Jackson, brother-in-law of the groom were ushers.

The bride is a graduate of Antioch Community High School; the groom graduated from Round Lake Community High School.

A reception for 250 guests was held at the Lindenhurst Civic Center, followed by a honeymoon trip to Wisconsin.

Mr. and Mrs. Romani are now at home at 219 Wildwood Drive.

Boys and girls between 9 and 19 years of age can become 4-H Club members. Contact the County Extension office.

Where The Boys Are

CAMP PENDLETON, Calif., June 3—Marine Private Dwight D. Dowell, son of Mr. and Mrs. Harry J. Dowell of Route 3, Antioch, has completed a 12-day training and processing cycle with Staging Battalion at the Marine Corps Base, Camp Pendleton, Calif.

This refresher training stresses the principles of small unit tactics, with particular emphasis on the fundamentals of scouting and patrolling, and land navigation.

Day and night tactical maneuvers provide the individual Marine with an opportunity to improve his skill as a combat infantryman.

Marines completing this training are assigned to combat units overseas.

Seaman, Michael Verkest was recently home on leave in Antioch for two weeks after graduation from Radar School at the U. S. Naval Base at Treasure Island, San Francisco on May 29 and attained his Seaman's rating.

Seaman Verkest was flown to the Mediterranean by Air Force plane after his leave. Rota, Spain was his destination. Anyone wishing to correspond can reach him at Michael P. Verkest, R.D./S.N. 908-91-64, U.S.S. Dahlgren (D.L.G. 12) F.P.O. New York 09501.

FORT POLK, La.—Army Pvt. Frank D. Ryan, son of Mr. and Mrs. Frank E. Ryan, Route 3, Box 12, Antioch, completed a cooking course at Fort Polk, La. June 10.

During the eight-week course, he was trained in cake and pastry baking, meat cutting, and learned to prepare and serve food in Army mess halls and in the field.

Garden Club Slates Potluck

The Antioch Garden Club will hold a potluck meeting at 9:30 a.m. Monday, June 26, at the Savings and Loan building.

Each member will bring a favorite dish for all to enjoy. Mrs. Byron Corbin is chairman for the day. Besides the regular meeting and program, preparations will be made for the flower show to be held in July. Some time will be spent in arranging the schedule for the show.

THE ANTIOCH NEWS 4

Garden Party To Further Mental Health

Civic welfare and a pleasant summer afternoon will be combined in the garden at the home of Mrs. Edmund Vos, 575 North Main St., Antioch, next Tuesday, June 28. "Punch, Petits Fours and Progress" is the combination offered. Mrs. Jane Wels, Mental Health Educator, will be the speaker, and plans for the formation of a local unit of the Lake County Mental Health Society will be discussed.

Mrs. Vos, a member of the board of directors of the Lake County Mental Health Society, urges all interested persons to attend the meeting. A local mental health unit would be available to people in this area who are in need of treatment because of emotional or mental disorders.

In case of rain the meeting will be held at the same time the next day, June 29.

Campus News

Richard W. Sreh, son of Mr. and Mrs. Henry Sreh, Oakwood Knolls, Antioch, a graduate of Antioch High School, will be a candidate for the degree of Bachelor of Science in Electrical Engineering at the Spring Quarter commencement of the Milwaukee School of Engineering. He will graduate with high honors.

ATTENDS CHORUS CAMP

Gary Strahan, Antioch, is one of 289 high school students who are attending the annual chorus camp at Eastern Illinois University. Twenty-three students are attending the Piano camp.

RECEIVE DEGREES

Two Antioch men were among the 3,498 students who received degrees from the University of Illinois at the commencement exercises at 10 a.m. Saturday, June 18. Albert Edward Dittman, Rt. 2, Box 481, Antioch, and Lester Charles Hribar, Rt. 1, Box 320, Hribar, received BS degrees.

ON DEAN'S LIST

Walter H. G. Ebel, son of Mr. and Mrs. Janis Lapiens of Sunset Motel, Rt. 173 and 83, Antioch, has been named to the Dean's List at Illinois Institute of Technology, Chicago.

The Dean's List is composed of all students who have distinguished themselves academically during the past semester.

Good drivers never overload their cars on a vacation trip.

Mid-Summer Festival At Methodist Church

The Salem Methodist Church is holding a Mid-Summer Festival next Friday and Saturday, the largest entertainment project ever held by the church.

The church is at Salem, Wis. The Festival will open at 4 p.m. Friday, June 24, and again at 1 p.m. Saturday, June 25. The public is invited and admission is free. There will be a wide variety of stands, booths, games, rides, dinner and entertainment. Thirty separate features insure that there will be something of interest for each person.

There will be an "Old Country Store" and a baked goods stand in the Fellowship Hall, along with Gilbert Tuttle's exhibit of some of his rare collection of articles of historic and scientific interest.

Other booths will feature a "Flower Stand"; "Sample Case"; "Jewelry and Silk Scarves"; "Woodcraft and Handicraft" and a Handkerchief booth.

Last Meeting of Summer For AARP

The Antioch Chapter of the Association for Retired Persons will hold its last meeting of the summer Tuesday, June 28, at the Antioch Savings & Loan community room.

The meeting will start at 1 p.m., with Mr. and Mrs. Robert G. Motto, of the Antioch Travel Agency, showing movies entitled "By Super Jet to Europe." Door prizes will be given by the Motto's.

President John Horan suggests that now that some of the summer people are out, it would be a nice gesture to invite your neighbors as guests for the meeting.

An old-fashioned family picnic and get-together for members, families and friends will be held Wednesday, July 27, at the Illinois Beach State Park near Zion. Starting at 11 a.m., members from Kenosha, Waukegan and Antioch will have a chance to get acquainted and visit.

The best way to "Share the Road" is to obey the traffic rules.

LAKESIDE REBEKAH LODGE 82 NEWS

Lakeside Rebekah Lodge 82 entertained the Rebekah District Association No. 3, Deputy President Mrs. Verna Hobler of Waukegan; the District officers, the past district deputy presidents, and past presidents at their last meeting on June 15, held at the Antioch American Legion Home. Mrs. Arland Clark, Antioch, Noble Grand, was the presiding officer.

At their next meeting on July 6, the Lakeside Lodge will honor their own Past Noble Grands.

HOSPITAL NOTES

Miss Mary Durr, Antioch, teacher of the first grade at Antioch Grade School, is in Condell Memorial Hospital in Libertyville. She underwent surgery on her knee last Thursday.

SOCIAL NOTES

By Del Jahneke

Mr. and Mrs. Earl Horton, Antioch, have just returned from a 16 day vacation at Potato Lake, Chetek, Wisconsin, where they camped in their trailer camper. Mr. and Mrs. Roy Burdick, Antioch, spent a week visiting with them.

CHRISTIAN SCIENCE CHURCHES

Christian Science churches will present a Bible Lesson meanings of the term "Christian Science" at their services this Sunday.

Included will be one of the many parables which Christ Jesus used to describe the coming of his kingdom: "The kingdom of heaven is like unto leaven, which a woman took, and hid in three measures of meal, till the whole was leavened" (Matthew 13). Along with it, will be read these lines from the denominational textbook: "Ages pass, but this leaven of Truth is ever at work. It

must destroy the entire mass of error, and so be eternally glorified in man's spiritual freedom" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

the Bible speaks to you

"GOD'S LAW OF HEALING"

Is there something greater than physical laws, something beyond the physical sciences? Is there a basic spiritual law of healing that operates through prayer to change men's lives? Hear this inspiring dialogue on the relation of God's power to human problems.

MOOSE TOPICS

By Lillian Birdsall

Attending the Moose Convention from Antioch last week were Governor Richard Jorgensen and his wife, JoDonna and Jr. Governor Seth Mark and his wife Gerry.

Arthur Andersen, secretary of the Antioch Moose, attended the convention on Tuesday, where he was honored by receiving the Good Fellowship Degree. This achievement is awarded once a year to a Legionnaire member who has done outstanding work for his lodge. Mr. Andersen truly deserved this honor for he has done more than his share for his lodge.

Also present on Tuesday were Ed Kurtz, Scotty Birdsall and Arthur Andersen who attended the 25. Club dinner, given in honor of all members who made the quota of sponsoring members in the Defending Circle campaign.

The women of the Antioch Moose Lodge were also present at the Moose convention to receive their special honors. Gladys Schroeder became a member of the College of Regents on Saturday, June 11, at Mooseheart. She received her cap and gown on this day, an honor that all past Senior Regents look forward to. Following the ceremony, Gladys and 20 of her co-workers had dinner at the Evergreen Restaurant where she was presented with many gifts to help her celebrate this occasion.

Receiving admission into the Academy of Friendship were Bess Wald, Patricia Christensen, Jane Craner, Lillian Birdsall, Louise Link, Sonnie Arndt and Marge Hartman. The friendship rings were presented to the girls at a fitting ceremony held at the Antioch Moose Lodge on Thursday, June 16.

Jerri Polson became a star recorder on Tuesday, June 14, an honor which is presented only to recorders who have perfect records for the year. This achievement

Annual Rummage Sale At St. Peters

St. Peter's Altar and Rosary ladies are hard at work getting ready for their annual Rummage Sale. This will take place on Wednesday, June 28, for one day only. The hours are from 9:00 a.m. to 9:00 p.m. and refreshments will be served. The proceeds are used for all the philanthropic works of the society. Mrs. Robert Letkey is chairman.

RECEIVES MOOSE DEGREE

Art Andersen, Antioch, received a Fellowship Degree from the Loyal Order of the Moose on Tuesday of last week. The degree was conferred in ceremonies at the Conrad Hilton Hotel in Chicago during the week-long convention of the Moose.

Also attending the convention from Antioch were Richard Jorgensen, Governor of the Antioch Lodge, and Seth Marks, Junior Governor.

CALIFORNIA VISITORS

Mr. and Mrs. Fred Hardt of Bellwood and Mrs. Ruth Zanger and daughter, Laurie, of Los Altos, Calif., were guests last week at the home of Mr. and Mrs. Henry A. Mau, Shady Nook, Lake Marie.

is made by very few and that is why co-workers of the Antioch Moose Lodge honor Jerri Polson for hers.

The installation of new officers for the Women of the Moose will take place at the Antioch Moose Home on Saturday, June 25, at 8 p.m. Officers and appointed officers to be installed are: Lillian Birdsall as Senior Regent, Marge Hartman, Jr. regent; Rosemarie Hadley, chaplain; Florence Farber, treasurer; Jerri Polson, recorder and Evelyn Miller as graduate regent. Helen Jakob as guide, Pearl Anderson, assistant guide, Sonnie Arndt, argus; Hallie Bown, sentinel, and Emily Novotny as pianist. Refreshments will be served and there will be a band to furnish music for dancing. A practice is scheduled for this on Thursday, June 23 at 7:30 p.m. All incoming officers and appointed officers are to be present for this practice.

June Garrison (left) personnel secretary for Quaker Industries got a bit carried away upon learning she's successfully passed a five-week first aid class offered by the American National Red Cross. In fun, she helped "wrap up" Red Cross worker Mary Lou Wagner during final meeting at Chicago's Museum of Science and Industry.

Quaker Employee Now First Aid Instructor

Several Lake County Industries sent representatives to take a five week training course in First Aid offered by the Red Cross.

June Garrison, secretary at Quaker Industries of Antioch, was one of the "graduates" of the course. She was awarded an instructor's certificate and is qualified to teach other employees what to do when an accident occurs.

The final meeting of the class was held at the Chicago Museum of Science and Industry.

BIRTH NOTES

Mr. and Mrs. John Pichik, Elmhurst, Ill., announce the birth of a daughter at 8 a.m. June 19 (Father's Day) at Memorial Hospital in Elmhurst. The new daughter weighed 8 lbs. 12 ozs.

Mrs. Pichik is the former Roseanne McGreal of Antioch.

How is a musical comedy put together? It's a lot of long hours and hard work but also a lot of fun and satisfaction to see the scenes evolve from a mass of confusion with no seeming direction to a smooth flowing plot interrupted only by gay and beautiful music—it's a miracle in itself.

Ken Smouse, director of South Pacific, is now guiding a cast of almost fifty to the finished, perfected end result which you are urged to attend at the P. M. & L. Theatre on July 23, 24, 29, 30, or 31 at 8:30 p.m. Right now Ralph Brooke, director of vocal music at A.C.H.S., is training the chorus twice a week. Joni Lang, the choreographer, works with this same group after chorus rehearsal to teach them the dances and special movements on stage. Joni is a student of speech and drama at Northwestern University and is a summer resident in Antioch.

Scenes are being blocked on the other three nights so that the large cast, as well as the needed set and properties, can fit on the small stage to best advantage. This is no easy task. Principals (lead characters) rehearse separately and then with the

minor characters.

Next week concentrated scene rehearsals begin—both lines and music. This will continue for two weeks, and then the show will be put together and be rehearsed completely each night until opening night. Working along with the cast and director are numerous people who contribute much to the success of the show. Garnet Oddsen is the producer whose job it is to coordinate all the crew activities and also do all the jobs the director doesn't want to do. Arleen Biel is stage manager. Gloria Davis takes charge of collecting props. Marilyn Olson finds and designs costumes. Dee D'Isa supervises publicity. Art Doty directs lighting. Sound is in charge of Entru Inc. Set designs are done by Bob Koemoud.

What makes all of these people spend so much time in this play acting and producing business? There's something in the phrase "The smell of the grease paint and the roar of the crowd." You have heard of people being bitten by the "Theatre bug." For these people it is the joy of creating something, a hobby, a recreation, and probably something they can't even quite explain. Above all, however, they all want to bring the best possible living theatre to Antioch.

Tickets are now on sale from cast and crew members or reservations may be made by calling Vivian Maples, 395-3613.

Among the latest 4-11 programs giving awards based on accomplishment are horse, home management, photography, dog care and community beautification.

Quaker To Display At Chicago Show

Quaker Industries of Antioch will be exhibiting some of their products at the 45th Housewares Manufacturing Association exhibit at McCormick Place from July 11 through the 15th.

The Housewares Show is a national meeting place of people, products and ideas from the entire industry. Last year set an all-time summer show record, this year promises to set a new one.

Quaker will have a 60 ft. display in the show, showing their complete line and introducing their exciting new wood ensembles. Another focal point of their display will be the "Decorator Inspired" room dividers.

A meeting of Quaker's entire sales force, both national and Canadian, will be held at the Antioch plant before the Housewares Show, on July 8. About 75 Sales Representatives will attend this meeting.

SECOND BEST

It is generally agreed that the best thing the government could do would be to win the war, balance the budget, and quit robbing Peter to pay Paul. Reminds us of the fellow (also in bad shape) who had been going to his doctor for quite a spell.

The doc finally said, "The best thing for you is to give up smoking, liquor and women." The patient replied, "I don't deserve the best, Doc, what's second best?"

ENTERTAINS RELATIVES FROM OUT OF TOWN

Mr. and Mrs. David Deering and family of Evansville, Indiana, spent several days in Antioch with David's mother, Mrs. Eva Deering. Other guests at the Deering home are a granddaughter, Lisa Deering of Evansville, Ind., and a sister, Mrs. Agnes Davis and an aunt, Mrs. Charles Hass, both of Pierce-ton, Ind.

One out of every 7 Americans was hospitalized in 1964, compared to one out of 9 persons 10 years earlier.

NEWCOMER?

Merchants Lead Babe Ruth League

On June 16th, the Bankers beat the Jaycee Boosters 17 to 12 in a slugfest although the Boosters outlived the Bankers 14 to 12. Home runs were hit by Kretch and Beager of the Boosters. The winning pitcher was Don Dill with Bill Albano coming in in the 6th inning and the losing pitcher was Keith Bolton. Steve Dotson and Steve Bentel also pitched for the Boosters. The Bankers are managed by Dale Starkey and the Jaycee Boosters by Adolph Bentel. The players for the Boosters are J. Sterbenz, M. Ring, K. Bolton, S. Dotson, D. Dvorak, J. Ruckow, R. Nielsen, J. Wagner, G. Slagle, L. Beager, G. Miskanis, R. Kretsch, R. Hovan and Steve Bentel.

The Merchants, with pitcher Dave Camp giving up only two hits, beat the Advertisers 11-2, with Brian McCarthy the losing pitcher. Jim Carlson of the Merchants hit a home run. This game was played on June 17. The Advertisers' manager is Frank Zeman and for the Merchants is Robert Gross. The boys playing for the Merchants are Dave Camp, Doug Camp, S. Strang, S. Owens, J. Martin, J. Carlson, J. Cernak, B. Neyrinck, J. Schaefer, D. Sterbenz, R. Turzy, G. Pawlowski, B. Erdman, R. Miller and V. Benning.

On June 20, the Merchants beat the Bankers 10-4. Camp again was the winning pitcher while Rick Nelson was the loser. Slugger Jim Carlson helped with the win as he came up with 3 doubles. It was a tie score, 3-3 going into the 6th inning when the Merchants scored 7 runs and the game was called because of darkness at the top of the 7th. Camp gave up 7 hits with 10 strikeouts and Nelson gave up 6 hits and 6 SO.

Drugs And Driving Don't Mix

Drugs and driving may well be as hazardous as alcohol and driving. This warning was issued recently by the New York State Council on Medical Aspects of Automotive Safety and Council on Drugs. The powerful modern drugs generally prescribed for nervous tension, allergies, and for relief of a variety of other conditions can interfere seriously with the possibility of accidents.

Self-medication or unauthorized use of drugs by motorists increases the accident potential, according to the Safety Council. Certain non-prescription drugs induce drowsiness, dizziness, fainting spells, confusion, and dim vision in some people. To save lives, check with the pharmacist or with your physician on the possible effects such drugs might have on driving. And read warnings on labels carefully.

WELL, DIDN'T HE?

A Texan was trying to impress upon a Bostonian the valor of the heroes of the Alamo. "I bet you never had anything so brave around Boston," said the Texan. "Did you ever hear of Paul Revere?" asked the Bostonian. "Paul Revere," said the Texan. "Isn't he the guy who ran for help?"

L.L. Cubs Win Two

The Cubs won their first game of the season, beating the Giants 10-8. Bruggerman made his first start for the Cubs but after giving up one run in the first he got in trouble in the 3rd when he gave up 3 runs and was lifted for Jim Erdman who finished up and got the victory.

1-2-3-4-5-6-7-8-9
Giants 10-8-0-1-1-8 8 4
Cubs 4-0-3-1-2-10-13 3

The Sox ended their 3-game winning streak, losing to the Dodgers 8-7. The Dodgers won the game in the bottom of the sixth when with Rick Simon on second Lee Lulofs smashed a double to win the game.

1-2-3-4-5-6-7-8-9
Sox 0-0-4-2-1-0-7 4 7
Dodgers 1-0-3-3-0-1-8 6 4

The Tigers keep winning as they rolled over the Giants 12-4. Although the Tigers got only 5 hits they made use of 12 walks and 3 Giant errors. Carry Vistain had the only home run of the game for the Tigers, a two run blast in the 5th inning.

1-2-3-4-5-6-7-8-9
Tigers 0-0-6-2-2-2-12 5 2
Giants 1-1-1-0-1-0-4 3 3

The Cubs won on Little League Day, beating the Yankees 4-3. The hero for the Cubs was Chip Gross who was not only the winning pitcher but the hitting leader going 3 for 3 and scoring 3 runs. His third hit came in the last of the sixth inning, a home run off the center field scoreboard that won the game.

1-2-3-4-5-6-7-8-9
Yankees 1-1-0-0-1-0-3 6 2
Cubs 0-2-0-1-0-1-4 5 3

Friday was Antioch Little League day. Mayor Toft said a few words.

Dr. SIMS says...

SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

ARTHRITIS PRIME TARGET OF QUACKS

Arthritis attacks like a sadistic ghost. It moves unseen in the body. It may torture you for a few days, vanish and return again and again. This painful condition defies a specific cure. And, if it's transmitted by a bacteria or virus, the organism has never been identified.

These are just some of the reasons arthritis provides a very green pasture for quacks. So green, in fact, that arthritis quackery reaps a 250 million dollar harvest every year.

Let's take a look at some of the more profitable quack remedies for arthritis:

SEA WATER—A best seller, particularly here in the Midwest, sea water is one of the most dangerous quack remedies. You see, the high salt content in sea water can cause your body to retain water—a condition that can lead to serious trouble, especially if you have a heart or kidney disease. And, if it's sold unpasteurized (as it usually is), sea water may bring on infection.

RADIOACTIVITY—Thousands of Arthritics pay \$10 a crack for the "privilege" of sitting in old mine tunnels or ore-lined rooms which supposedly contain health radiation from uranium. Another radio-active treatment—the Z-ray—allegedly cures arthritis by expanding atoms in their body. Such treatments are not only a waste of money, but could seriously harm body functions if they actually release enough radiation.

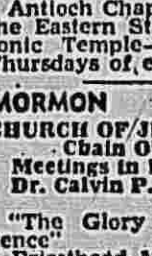

ALFALFA—Usually sold in tablet form, alfalfa products for arthritis contain three grains of aspirin and a half grain of finely ground alfalfa leaf. The alfalfa content has no value to humans, arthritic or not. Nevertheless, such "glorified" aspirins are often sold for 10 times the price of regular aspirin.

BOTTLED MEDICINE—For arthritics who favor medicine from bottles, there are a number to choose from. Most are the same patent medicines peddled by quacks a century ago. They contain herbs, fruits and vegetable juices suspended in water, glycerine or alcohol. One popular brand contains vitamin B1 plus more alcohol than you'd find in a bottle of French brandy—but at triple the price.

If you're an arthritic, don't waste your time, money and health on such worthless products with exaggerated claims:

1. Be suspicious of any product that promises an absolute cure for arthritis. The cure is still unknown.
2. Remember: Arthritis symptoms often come and go suddenly. Symptoms that become less noticeable while you're using a product may not be due to the product at all.
3. Don't buy any product, drug or device without consulting your family doctor about its value.
4. Most important, remember that time is essential in the treatment of arthritis. Most arthritics can be helped with modern steroids and other drugs administered by a physician. If treatment is result in needless crippling.

REFRIGERATOR DEFROSTERS ARISE...

NO DEFROSTING EVER... WITH A MODERN REFRIGERATOR-FREEZER

It does all the work for you. No frost forms in the refrigerator section—it always looks clean and fresh. And because you never have to worry about accumulation of ice in the freezing section, you're always assured of maximum freezing efficiency and food protection. Bonus: A new no-frost refrigerator/freezer gives you more storage space, colder temperatures, improved interior arrangements... all for a lower price than you paid for your old refrigerator 12 years ago. You have a supermarket right in your own kitchen. See your electric appliance dealer about a no-frost refrigerator/freezer soon.

Displaying some skepticism Palmer Pyle, left, Chicago Bears' lineman, checks scores posted by Joe Motz, former Illini grinner during a tuneup for the Lambs Pet Farm Pro-Celebrity golf tournament to be played at the Concord Green Country Club, Libertyville, Saturday. Stan Wilde and Harry Walliser, Libertyville executives who will be competing in the Lambs benefit event, cast an accountant's eye at Motz's scoring.

Athletes Turn To Golf For Charity

Swinging a Four Iron instead of a hockey stick, Stan Mikita, Chicago Black Hawks star, will lead off the Lambs Pet Farm Pro-Celebrity Golf Tournament at Concord Green Country Club Saturday at 12 noon.

Mikita will be among a score of sports personalities competing in the 27 hole par 3 course event which is being played for the benefit of the Good Shepherds of the Lambs, a non-profit organization training mentally retarded teen-agers and young adults to take a place in society.

Proceeds from the tourney will be used to develop a 50 acre farm on Rte. 176 at the Illinois Tollway into a huge pet farm and retail store where Lambs trainees will be taught the fundamentals of operating a pet store and related businesses.

The unique training program is the brainchild of Bob Terese and Corinne Owen, former teachers in the exceptional child classes in the Chicago school system.

Recognizing the need for advanced training for the graduates of the elementary classes Terese and Miss Owen hit on the pet shop as a project which would offer a challenge to the young people and give them hope that some day they could support themselves and make their way in the every day world.

A small, unpretentious store on N. State St. in Chicago was the first step and its success caught the attention of scores of civic leaders in Chicago who have served as advisors and consultants.

The pet farm west of Lake Forest is an extension of the pet store.

Biggest contingent of sports celebrities will come from the Chicago Bears with Palmer Pyle, Mike Pyle, Dick Butkus, Mike Ditka, Johnny Morris, Abe Gibrin among the Illinoismen who have played practice rounds at the tricky Concord Green layout.

Johnny Lattner, Heismann Trophy winner at Notre Dame and a prominent Chicago restaurant operator; Ray Nitschke, of the Green Bay Packers, and Dick Klein, of the Chicago Bulls, are other sports figures definitely scheduled.

Members of the Illinois section of the PGA will be on hand for the competition and the tourneys will be completed with Concord Green

club members and any guest who contributes to the Lambs Building Fund, according to J. Richard Mota, general chairman of the event.

Each participant will qualify for a prize and there will be special events throughout the day to spark competition, according to Ron Gallene, club manager for Concord Green and tournament director.

There will be no charge for spectators and the public is invited to attend the tournament, Gallene said.

The Concord Green Course is located on Rte. 21 (Milwaukee Ave.) at the south end of Libertyville.

Trap Shoot at McHenry

The McHenry Sportsmen's Club will open their trap range for practice shooting Saturday, June 25th, from 1 until 4 p.m. to enable shooters to sharpen up their "eagle-eye" for the Club's first Black Bird Shoot of the season, set for Sunday, June 26th.

There will be multiple prize shoots, topped by 6-prize shoots, topped by a 6-prize shoot, as well as the established 4, 3, and 2-prize events, with steaks, chickens, and primers as the rewards for accuracy on the firing line.

Shooting starts at 10 a.m. and continues until dark. Annie Oakley and protection shoots will be included in the day's program, as will 10 and 25 bird practice rounds.

The second in the Club's new series of Jack Rabbit Shoots will be held on Saturday, July 2, at 2 p.m. The Lewis Scoring System will be in effect, enabling all shooters to compete on even terms, even with the so-called hot shots.

Club members will honor Lewis Pitzon, long time resident and veteran resort owner on Pistakee Bay, with a celebration to commemorate the 25th anniversary. Plans are being formulated, and will be announced as soon as they are completed. The public will be invited to join in the frolic along with Pitzon's many friends.

Hot and cold refreshments will be served in the club house, located on the west side of Pistakee Bay. From the east, visitors can use

No. 13 Lucky For Harris

Duane Harris of Lake Villa won the 30-lap feature race at the Lake Geneva Speed Center for modified stock cars as he beat out a field of 20 cars in the feature. Harris, who started in 13th position, found it was lucky as he sped to his first win at the Lake Geneva Speed Center.

He averaged 53.14 MPH in winning. At ten laps, it was Jr. Dodd of Waukegan in the lead with Harris second. Harris and Jim Sullivan had staged a hard battle in moving up through the field when on the 12th lap, Ron Bergsma and Bob Anzinger locked up on the main straightaway causing the flagman to run for cover.

At this point three cars moved up and both cars recovered and continued. On the 21st lap, Harris got by Dodd after closing the gap and finally making it by on the home straightaway.

Sullivan got into second position on the 23rd lap and closed in but never got around Harris. Dodd finished 3rd with Jim Lawrence 4th and Bill Ansell fifth. The feature race was restarted when George Fisher's car caught fire just as the starter, Hank Sours, dropped the Green. The fire was quickly extinguished but Fisher was out on the restart.

The semi-feature was won by Ken Monroe after Bill Carey of Antioch, had thrilled fans with his drive into the lead on the 14th lap, only to get tangled up with Gary Seiyer coming off the number two corner. Ken Monroe then took the lead and the win. Heats were won by Dodd, Jim Lawrence, Bill Ansell and Ray Dobbs. Jim Sullivan in the Diestler Plymouth, set fast time averaging 52.18 MPH.

Friday and Saturday will again feature stock car racing. There were a greater number of cars and fans on hand than there had been for the previous race nights.

Courteous sharing of the available road space will prevent accidents. It will make motoring in congested traffic more enjoyable. Good drivers will not only "watch out for the other guy" but will also be concerned for his safety.

Route 134 to its western terminus, then turn right to the club grounds. From the west the route is through Johnsonburg, across the Fox River with a left turn at Adams Service Station.

THE ANTIOCH NEWS

Thrill Show To Entertain Race Fans

An entirely new auto daredevil stunt, termed the "Space Rocket," will headline a program of 24 stunts to be performed by the Jole Chitwood Thrill Show on the Waukegan Speedway, tonight (Thursday) June 23, at 8:30. This Thrill Show was recently featured on TV in a color film shown at hundreds of theaters, including Waukegan.

Bumps Willert, a veteran stuntman from Tipton, Iowa, will drive a car through a huge, smoke belching launch tunnel and hurtle another car as it speeds down the track at 60 miles an hour.

Jimmy Canton, of Des Moines, has again been engaged to do his famous ramp-to-ramp jump both in a car and on a motorcycle. He is approaching his 2,500th jump and has never been seriously injured.

Returning also will be Al Gross, noted for his ability to ride on two wheels up to 1,000 feet in a passenger car. If conditions are right, he may circle the entire tricky clay oval. He holds the world's two wheel distance record and was two years ago proclaimed "Mr. Daredevil" in a vote by stuntmen from all over the country.

Other numbers on the program will be precision driving; dropping of men from speeding cars into pools of ignited gasoline; deliberate rolling of cars; the head-on smash into parked cars, called the "dive bomber"; and Wimpey, the noted British clown, will entertain all through the show with some daredevil specialties of his own brand.

Persons also will be asked

Rifles Start Practice In Two Weeks

The Lake County Rifles will begin practice in just two weeks. On Tuesday, July 5th, the local semi-professional football club will be swinging into its second season of play.

The first week's sessions will see the rookies reporting for tryouts, and on July 12th, the veterans will report to camp, bringing the grid corps to its full complement. Coach Gene Sichowski will be preparing his chargers for their opening exhibition game on Aug. 13 with the Canton Centaurs at home.

The Rifles play all home games at Weiss Field, Waukegan. About 95% of last year's club are reporting to the practice camp, augmented by some 30 newcomers. Most of the rookies have had college experience.

Leading the array of new talent is All-American Bob Babson of the U. of Southern California. Babson, of Great Lakes, was a member of the Southern Cal Rose Bowl in '62. He is a 9.6 flankerback and is expected to aid the receiver corps.

Two 6' 4" giants from Waukegan and Indiana State have inked contracts with the Rifles this season: Willie and Joe Smith. Both will bolster the line in '66. Ted and Ernie Deering of Carthage College are two 6' 5" brothers destined to make a first string bid for tackle positions.

Barrington's Steve Olson is a 6' 4", 230 lb. candidate for tight end spot. He played 4 years at the U. of Wisconsin. Bob Nordin of Arlington Heights is another bright spot in the local club's football picture. Nordin was an All-State halfback from Arlington Heights High and played 4 years as a running halfback at the U. of Duquesne.

The Rifles coaching staff is very much elated with the new prospects that have inked contracts with their club and figure that, with the nucleus of last year's winning team, the Lake County gridders should be in the thick of contention for the Central States Football League title. The door, however is still open to any players still interested in trying out with the Rifles ball club.

Census Bureau To Test Smoking Habits

Families in this area will be included in a nationwide survey of smoking habits as part of the June Current Population Survey of the Bureau of the Census, according to Director Theodore F. Olson of the Census Regional Office in Chicago.

The questions on smoking will be in addition to the monthly employment survey conducted for the Bureau of Labor Statistics, U. S. Department of Labor. Questions will be asked in selected households of 357 sample areas of the nation.

The questions on smoking, which are sponsored by the U. S. Department of Health, Education and Welfare, will be asked of all persons 17 years old or over to determine if the person has smoked at least 100 cigarettes in his life; if he smokes cigarettes now; how many a day; if he smoked cigarettes three years ago, and if so, how many a day at that time.

Persons also will be asked

Tenting Tip For Campers

Whether you're an old hand at camping or a tenderfoot... whether you like to move on each day or set up in one spot... your camping experience will be more enjoyable this summer if you pitch one of the newer type canvas tents. They've been designed with an eye to comfort and convenience.

Newest of these for family vacations is the updated version of the old prairie schooner. Like its early counterpart, it has a dome-shaped roof... but that's the only feature pioneers would recognize. The modern-day schooner is made of

sturdy cotton drill that's water-repellent and mildew resistant. Its spacious size accommodates eight sleepers on double-decker bunks with room divider curtains for privacy. A sewn-in ground cloth, zippered storm flaps and access door, plus screened picture windows are other features of this easy-to-pitch tent.

For the camper who likes to move on from day to day, the tent-trailer is highly practical. On the road, this canvas tent on wheels folds neatly out of sight, leaving the driver's view unobstructed. At the campsite, it folds

out into a king-size shelter... roomy enough for six. For the fashion-conscious, there are even canvas tents in vivid or pastel colors... from pup-tents to umbrella styles in a wide range of sizes.

One of the smallest models available today is the 9' x 9' pup tent which is fine for a friend and an overnight stay. Suspended over an exterior metal framework, this tent eliminates grappling with the two center poles.

Recognized by its small roof and high sloping sides, the umbrella tent is probably the most popular family style. Its design makes it ideal for crowded campsites, since it requires a compara-

THE ANTIOCH NEWS 8
THURSDAY, JUNE 23, 1966

tively small area of ground. Pitching it, as with other tents of the suspension type, is a matter of minutes, since it's hung onto the frame with elastic cords which adjust automatically to wind.

An old standby is the wall tent, which somehow looks like home to a whole generation of campers. Its sloping roof and low walls have been changed in some models to provide more headroom. These "bungalow" or "cottage" tents, in a 9' x 15' size, can hold six campers with ample room for sleeping, storing gear and family gatherings in the rain.

No matter what the style, most of today's tents come from a family of durable cotton fabrics—duck, drill, twill and poplin—which are known as canvas. Cotton canvas is a favorite with campers because it "breathes," permitting the free circulation of air and preventing moisture condensation. It is also naturally water resistant. When cotton gets wet, the threads swell and close tiny holes even tighter. With the addition of special finishes, cotton canvas has an even greater resistance to wind, rain, and mildew.

Construction features which make modern tents more durable and more comfortable, according to the National Cotton Council, are double-stitched, lap-felled seams and reinforced grommets and points of strain. Full storm flaps on windows, zippered or snapped doors, and sewn-in floors provide protection from dampness.

Avon Players Present Comedy

"Luxury Cruise" will be presented by the Avon Players this week and next at the Avon Auditorium on Route 83, three miles north of Grayslake. Curtain time will be at 8:30 p.m.

"Luxury Cruise" is a comedy in three acts by Fred Carmichael. It is directed by Gloria Blomgren.

This play closes the ninth season of the Avon Players. Announcements of new plays for the coming season will be made soon.

Printing Executive Elected To Top Moose Office

Harold D. Ross of Mt. Morris, Ill., a vice president and member of the board of directors of the Kable Printing Co., was elevated last week to the highest elective post in the Loyal Order of Moose, that of Supreme Governor.

Following his election, Ross was given a standing ovation by the delegates and visitors in attendance at the 78th annual international convention of the Moose, being held in Chicago June 13-16.

Ross has been a member of Mt. Morris Lodge No. 1551 since 1936 and is an honorary past governor. He received the Pilgrim Degree of Merit, the Order's highest degree, in 1962.

He served as a trustee of the Mooseheart-Moosehaven Endowment Fund Board before being elected to the Supreme Council in 1962. He was elected Supreme Prelate in 1964 and Supreme Junior Governor in 1965.

Ross and his wife, Dorothy, donated 86 acres of wood area near Mt. Morris in 1956 and this paved the way for their names. Both have been designated as "Honorary Campers" of Mooseheart Camp Ross and both are very proud of this distinction.

At the age of 17 Ross took a job as stock boy with the Kable Printing Co. and has been with the firm ever since with the exception of the years of 1917 and 1918 when he attended the U. S. Military Academy at West Point.

He advanced from the stock room to the composing room, where he earned his journeyman's card, as a printer. In 1929 he was appointed assistant plant superintendent, in 1931 he became superintendent, in 1935 was elected to the board of directors, and in 1947 became vice president, the position he still holds.

Ross has served the graphic arts industries in a number of capacities and for an outstanding job as chairman of the National Scholarship Trust Fund Board of the Graphic Arts Industry, Inc., was chosen to receive the

Harold D. Ross

1959 A. F. Lewis Memorial Award and the title of "Man of the Year" in Graphic Arts.

An indefatigable worker, Ross has served his community in many capacities. Active in the Masonic Order, he was the Grand Master of the A.F. & A.M. of the State of Illinois for two years.

He succeeds Elmer E. Harter, of Harrisburg, Pa., attorney, as Supreme Governor. George R. Reilly of San Francisco, a state official, was elected Supreme Junior Governor.

Visit Scenes Of Youth

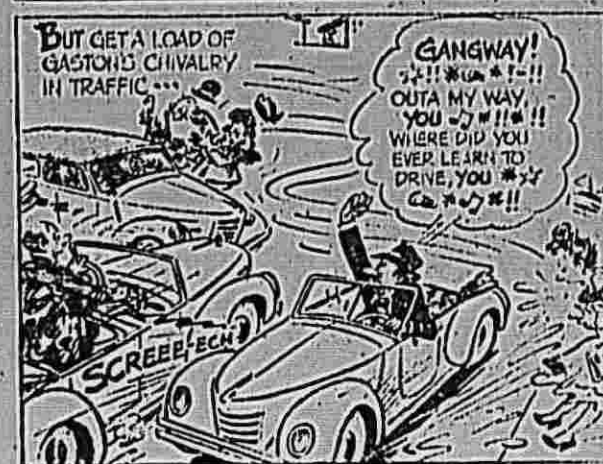

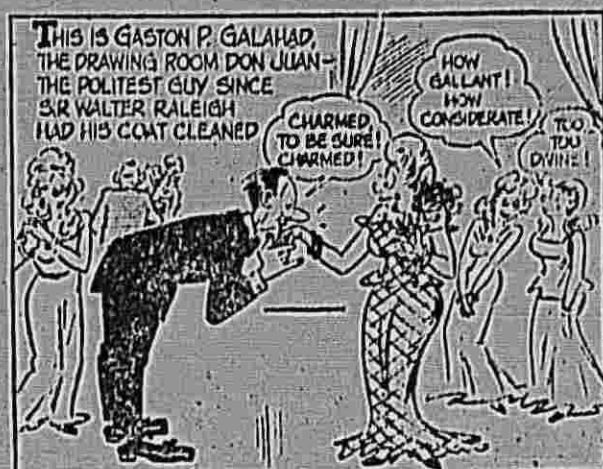

Eight men who spent part of their youth at Lake Marie in the 1890's and early in the century are having a reunion and voyage through the lakes next Sunday.

The men are John Leslie, chairman of Signode Corp., 1601 Wesley Ave., Evanston; F. W. Parker, Jr., patent attorney, Highland Park; Norman S. Parker, patent attorney, Evanston; Leslie M. Parker, patent attorney, Evanston; Troy L. Parker, Evanston; Fletcher March, Winnetka; Marcus D. Richards, Winnetka and R. P. Sherer, Highland Park.

The group has chartered a boat leaving Wes Aquarium Lodge about 10 a.m. next Sunday and will tour through Fox Lake, Pistakee, Grass Lake, Lake Marie and Bluff Lake.

Mr. Sherer says that Mr. Leslie's father, John Leslie, bought acreage on Lake Marie in 1890 and a dozen families from the First Baptist Church of Chicago started Beach Grove.

You Bet Your Life

The Travelers Safety Service

The use of courtesy on the highways could drastically reduce the number of casualties.

Wieners Wear Potato Caps For This Meal

When franks go fancy, they can appear at the table in almost any fashion. Sliced almost through in several places, they can go round to fit a hamburger bun; split them and add a filling or topping.

Popular during winter or summer, frankfurter consumption hits its peak during the month of July. Many of them are consumed at ball parks, backyard cook-outs or quick lunches right at the kitchen range.

This convenience food which is already-cooked can also be enjoyed as a quick main dish for the homemaker who is looking for the easy-do supper on a summer night, says Reba Staggs, home economist. When baked, this dish is ready for serving in about 12 minutes. Broiling cuts down the time by one-half.

Potato-Capped Franks
8 frankfurters
2 cups seasoned mashed potatoes
1 cup dairy sour cream
1/4 cup chopped green onions
1/4 teaspoon salt
Paprika

Cut frankfurters, lengthwise, almost through. Top cut surface of each frankfurter with 1/4 cup mashed potatoes, then place in a 12x8-inch baking dish. Combine sour cream, green onions and salt.

Place about 2 1/2 tablespoons of the sour cream mixture over each potato mound. Bake in a very hot oven (450 deg. F.) for 12 to 15 minutes or until lightly browned. Sprinkle with paprika. Yield: 8 potato capped frankfurters.

NOTE: The split frankfurters, topped with potato-sour cream mixture may also be broiled 3 inches from the heat 5 to 7 minutes.

The motto of the nation's more than 2.2 million 4-H'ers is "to make the best better."

INDEPENDENCE DAY BELLS

"Bells on Independence Day" will be the title used this year to publicize the new traditional Independence Day Bell Ringing.

Edward B. Akin, Mason City, coordinator of Illinois participation in the nationwide bell-ringing program, said the name of the program has been changed to distinguish it from a slogan of an extremist group in Florida. Its former title was "Let Freedom Ring."

The bell-ringing observance, on July 4, is a revitalization of an early-American custom of celebrating the nation's independence. By congressional resolution it is now an official observance.

"The theatre is a great equalizer; it's the only place where the poor can look down on the rich,"—Will Rogers.

It's easy to place a classified—just call 395-4111.

Lots of Room In Medical Field

The job horizon for the current crop of high school graduates and for next June's and for many June's to come is virtually unlimited in the medical service industry.

According to the Department of Health, Education, and Welfare about one million more workers will be needed in this field in the next decade in addition to doctors, dentists, and registered nurses. Emphasizing the rapid growth of this industry, the American Medical Association (AMA) points out that in 1950 it was the nation's fifth largest employment field; 10 years later it had jumped to third place; and by 1970 it may well be in first place.

The range of jobs is staggering. It includes such traditional positions as medical secretary and such far-out ones as nuclear medical technologist. There are opportunities to work directly with

people, or in laboratories, or with complicated and sensitive machinery. On-the-job training enables young people to qualify for technical positions of all kinds.

A useful guide to career opportunities in this field can be obtained free of charge by high school and college students if they drop a card to the Program Service Department, American Medical Association, 535 N. Dearborn St., Chicago, Ill. 60610.

Safety Comm. Warns of Bike Perils

The Lake County Safety Commission asks that parents and drivers take action against traffic accidents involving bicycles and autos.

Two young cyclists died in Lake County last year when hit by autos. These two boys, ages eight and thirteen, could have been alive today if the drivers and bike riders would have taken correct defensive action.

PARENTS! Warn your children that drivers will not always look out for you. DRIVERS! Don't take anything for granted when you observe a child on a bicycle. Police in most communities ask that children ride their bikes on the sidewalks whenever possible.

Keep children off the highways at night. The State law requires a tail-light and a head light, both visible for 500 feet, on any bike on the street or highway after sunset.

Practicing Safety is work, but it is worth it.

Bids On Renovation Of Old State Capitol

Bids in connection with the reconstruction of the Old State Capitol in Springfield will be received Thursday, June 23, Francis S. Lorenz, director of the Illinois Department of Public Works and Buildings, has announced.

A contract for excavation will be for work in connection with the proposed historical library as well as for reconstruction of the Old Capitol building. A de-watering contract will be awarded so that underground water is prevented from interfering with the project.

Bids will be opened at 2:30 p.m. June 23 (today) in the Division of Architecture and Engineering offices in the State Armory, Springfield. Bids for excavation for the proposed underground parking garage will be sought at a later date.

Forget that Gas is cheaper.

Gas can be beautiful.

Can a girl from the Midwest find complete happiness and a brighter life right in her own kitchen?

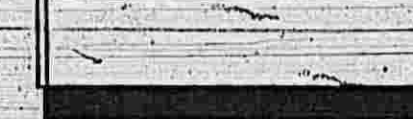

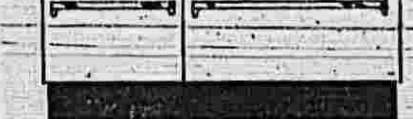

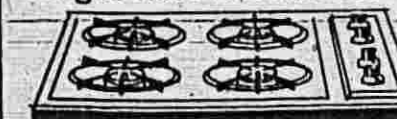

Sure she can. So can you. It's as simple as tuning in a Northern Illinois Gas Company or appliance dealer's showroom. That's where you'll find high style gas ranges with crafted elegance from top to toe plate.

You're sure to find one that fits your color choice and kitchen space. There are built-in cook tops and ovens for that custom look, slide-in models with eye-level ovens, and high fashion free-standing models.

And it's almost like science-fiction the way gas ranges have become auto-

matic. You get features like the "Burner with a Brain" that does away with pot watching. Programmed ovens that automatically shut themselves down to a "keep warm" temperature after they bake or roast

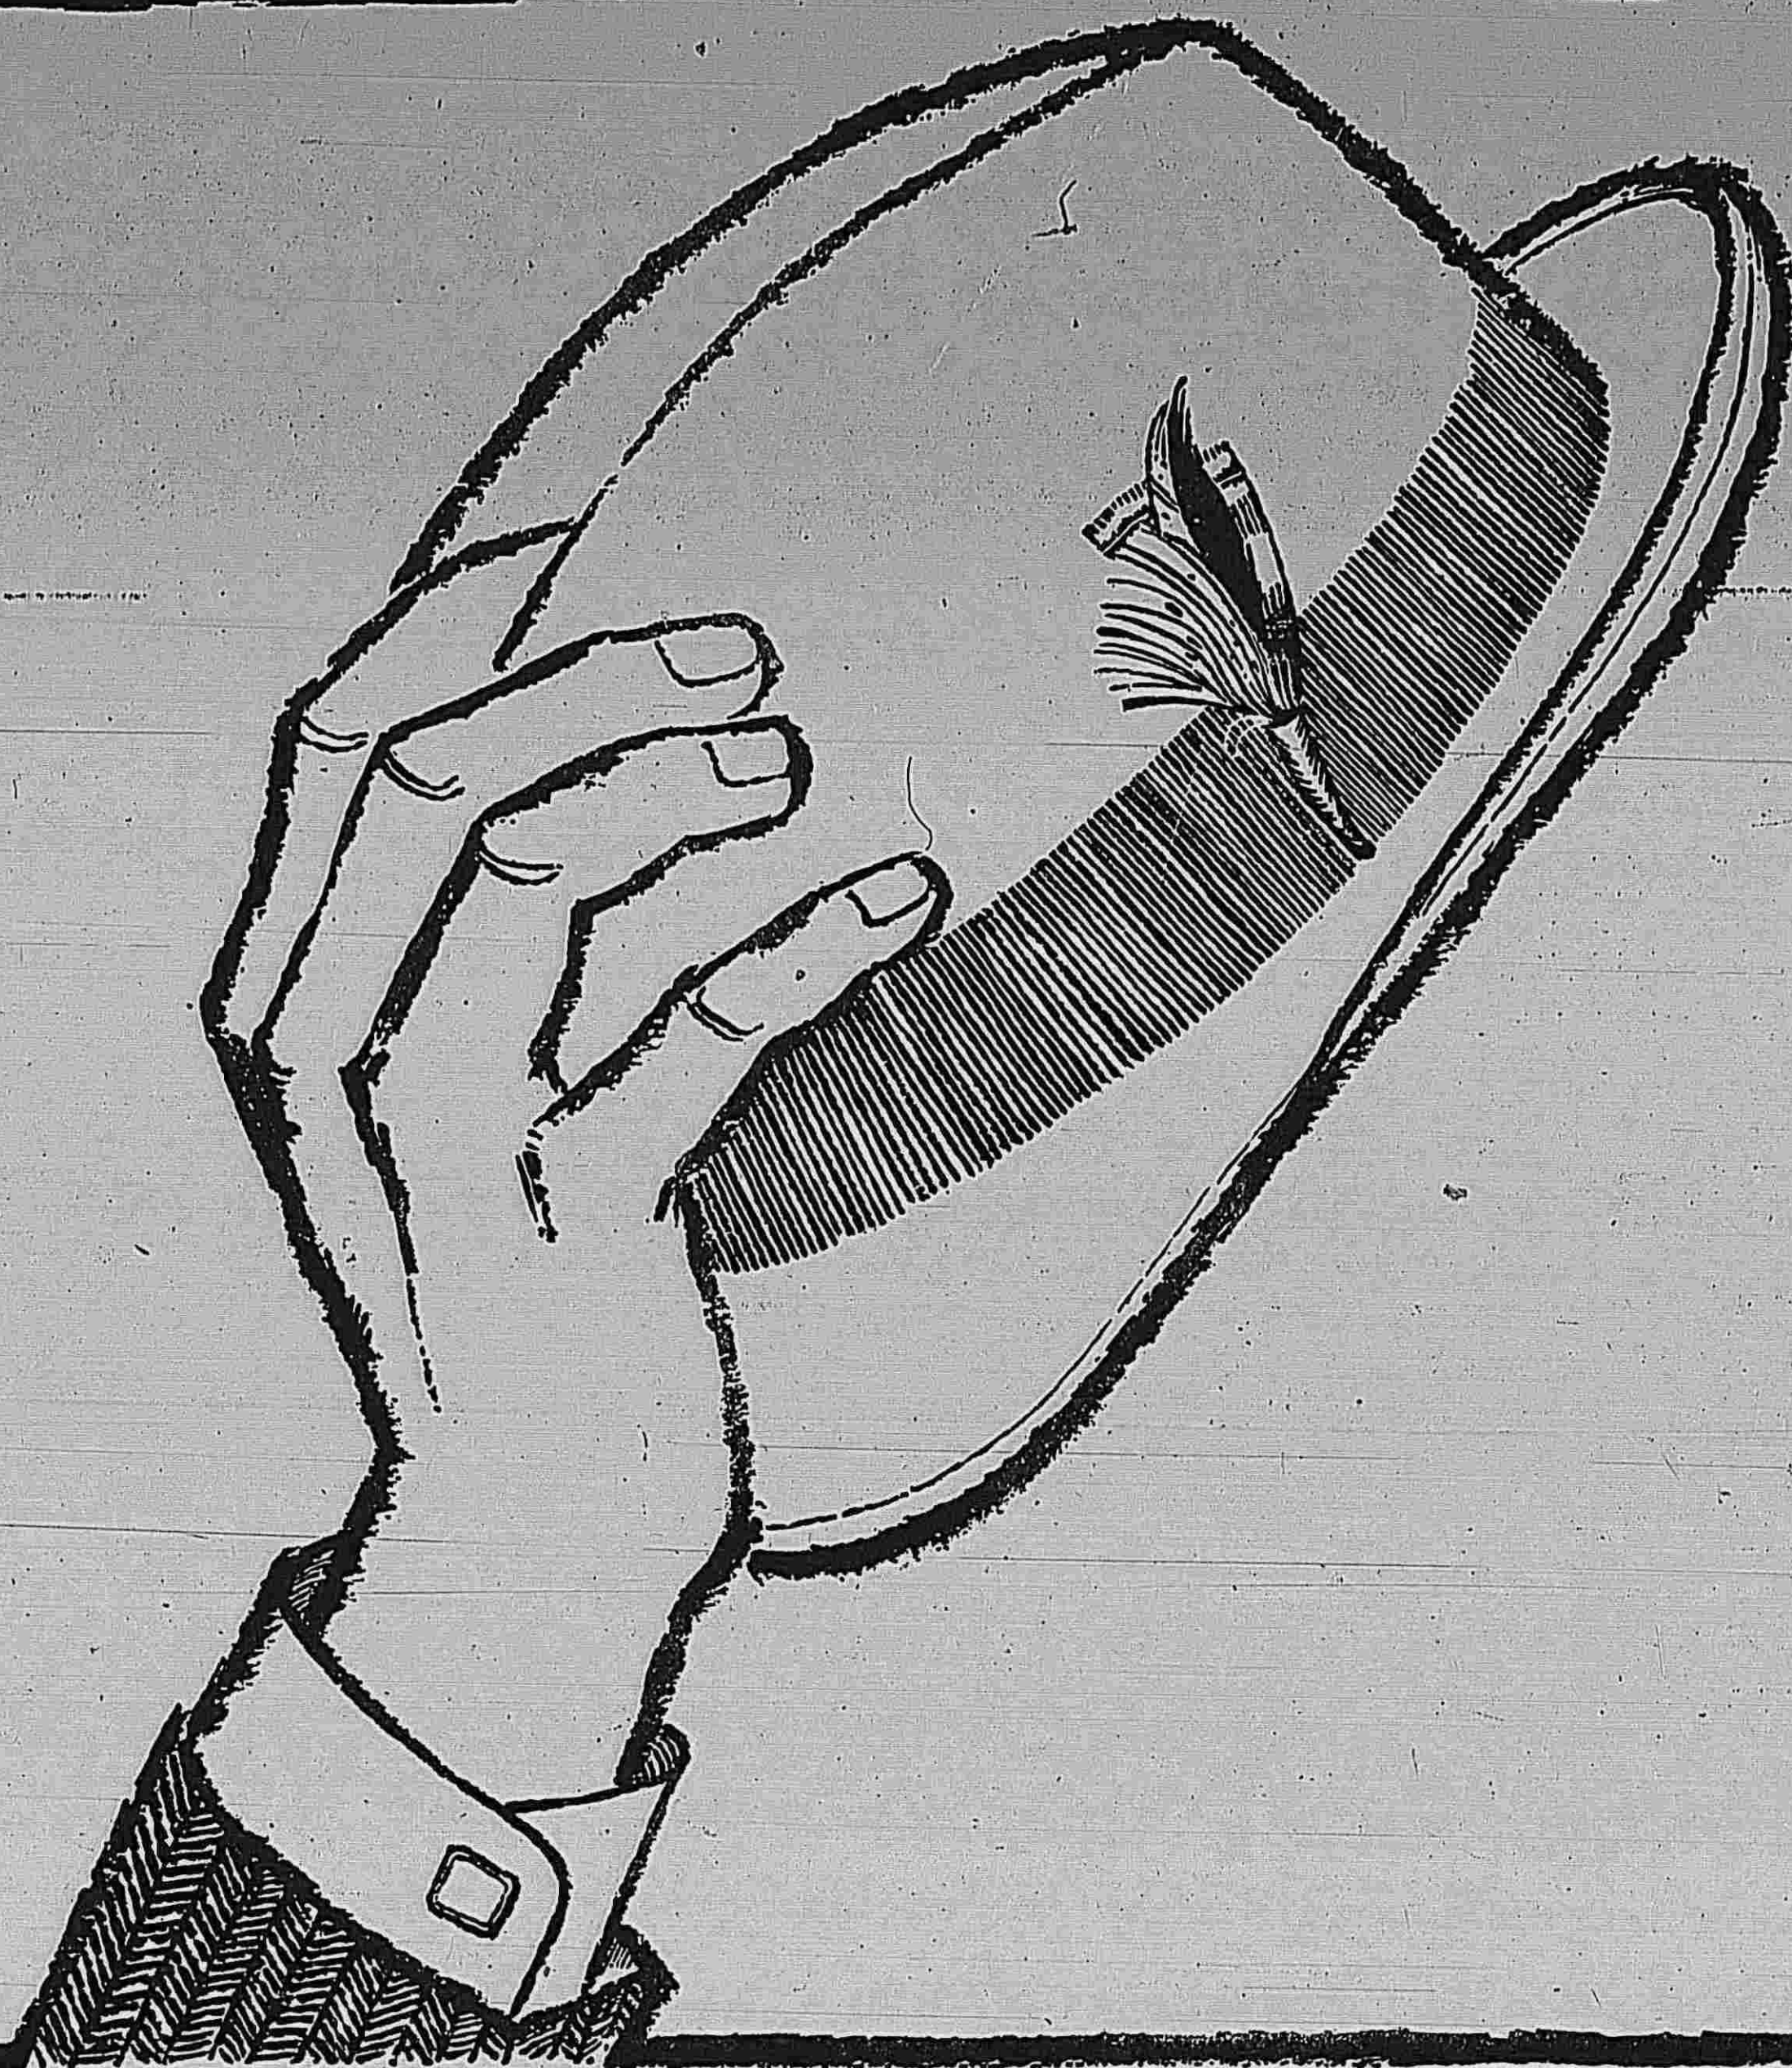

meats. And smokeless closed-door broiling to keep your kitchen walls cleaner. Tune in happiness that comes with a modern gas range in your kitchen. Visit your appliance dealer or nearest Northern Illinois Gas Company showroom.

Forget that gas is cheaper... remember that gas is modern

To the star-spangled American boss

—And others who deserve it for doing a favor that you might not have thought about

**NOW
PAYING
4.15%
WHEN HELD TO
MATURITY**

Hats off to the many presidents and managers of companies who helped build the Payroll Savings Plan into what it is today—one of the most popular and easy ways to save money.

These business leaders provided the facilities and manpower necessary to operate the Plan—plus their own enthusiastic endorsement. And never stopped to count hours or pennies.

Thanks to them, over 8 million Americans—their employees—are building security and helping their country through this automatic savings plan.

There are others who have helped other millions of Americans own a share of their country. Volunteers in every walk of life. Folks in radio and TV, movies and the theater. Newspaper and magazine and billboard

folks. And Bond "salesmen" in thousands of banks and savings institutions.

Buy Bonds at your bank, or on the Payroll Savings Plan where you work, and you'll see what a good idea it is.

And the next time you see your boss (who helped make it so easy for you to save)—thank him.

He deserves it—from all 190 million of us.

NOW—SAVINGS BONDS PAY 4.15%!

Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.

Buy U.S. Savings Bonds

still skeptical about A&P brand canned vegetables?

Incredible!
They're all Grade "A", you know, and labeled so.
Bet you don't know another brand that is.
Grade "A"... that's the best. You can't buy better.
You're still not sure?
Tell you what...
this week, buy a can of A&P Whole Small Green Beans.
Picked at a precise tender age, they are simply delicious.
You think this is just advertising talk?
Try them.
You'll get your money back if
you don't think they're the best you ever tasted.
Is this a good reason for shopping A&P? It's one of many.

P.S. If you're not a string bean lover,
pick any A&P Brand Canned Vegetable.
As we said, they're all Grade "A"...
all absolutely, unconditionally guaranteed.
